9. Water Rights to remain unexercised during the 2007 Irrigation Season

On March 12, 2007, Ray Kopacz, District Manager for Stanfield Irrigation District, stated that several water rights exist on the "FROM" lands and will not be transferred or used during the duration of the temporary transfer. Those water rights are described in the following tables:

Certificate 38733 & 38734						
Twp	Rng	Mer	Sec	Qtr-Qtr	TL	Acres
4 N	29 E	WM	27	SE NW	3200	3.80

4 N	29 E	WM	34	NE SW	500	1.34
4 N	29 E	WM	34	NW SW	500	1.80

10. The district temporary transfer application satisfies the criteria of OAR 690-385-4000, contains the information required under OAR 690-385-2000, and includes maps meeting the requirements of OAR 690-385-2200.
11. The water rights are subject to transfer as defined in OAR 690-385-0100(17).
12. The proposed change in place of use would not result in enlargement of the rights.
13. The proposed changes in place of use would not result in injury to other rights.

Conclusions of Law

1. The proposed change in place of use in Transfer Application T-10315 satisfies the requirements of ORS 540.574(3) and 540.570.

Now, therefore, it is ORDERED:

1. The proposed changes to the water rights evidenced by Certificates 79442, 76113 and 79440 are approved.
2. The temporary transfer is effective for the 2007 irrigation season.
3. The right to the use of the water is restricted to beneficial use at the place of use described and is subject to all other conditions and limitations contained in Certificates 79442, 76113 and 79440 and any related decree.
4. The District shall not use water under Certificate 38733, 38734, 53479, 55328, 74882 and 74883 during the 2007 Irrigation Season at the authorized place of use as described in Findings of Fact #9.
5. The use of water on the lands from which the water right is transferred and at the new temporary place of use during the same irrigation season or calendar year is prohibited and may subject the district and landowner to civil penalties.
6. The use of water under this temporary transfer may be conditioned or revoked at any time to the extent necessary to avoid injury if the Department finds the transfer causes injury to any existing water right.
7. At the end of the 2007 irrigation season all uses of water under this temporary transfer revert automatically to the terms and conditions of the original water right permit, certificate, or adjudication as evidenced by a court decree.
