

BEFORE THE STATE ENGINEER OF OREGON

Clackamas County

IN THE MATTER OF AN EXTENSION OF)
TIME IN WHICH TO BEGIN CONSTRUCTION,)
COMPLETE CONSTRUCTION AND MAKE)
COMPLETE APPLICATION OF WATER TO)
BENEFICIAL USE UNDER PERMIT NO. 20145)
IN THE NAME OF CITY OF GLADSTONE - -)

O R D E R

The city of Gladstone is the holder of permit No. 20145 to appropriate 4.0 cubic-feet per second of water from the Clackamas River for municipal use.

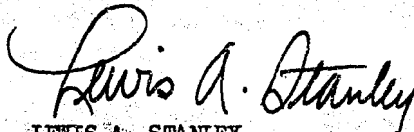

The city has advised the State Engineer that the appropriation described in this permit has not been made, but it is its desire to preserve the right for this development.

The city has further advised that it has expended considerable money in completing the necessary engineering work and studies, and at the present time it is engaged in the necessary legal procedure prior to bond voting.

It is believed that it will be consistent with the public interest to grant the extension applied for.

IT IS THEREFORE HEREBY ORDERED that the time limits be extended to October 1, 1959 for beginning of construction work, completion of construction work and complete application of water to beneficial use.

Dated at Salem, Oregon this 7th day of January, 1959.

LEWIS A. STANLEY
State Engineer
