The water right in question is for the use of not to exceed one-eightieth cubic foot per second per acre, or its equivalent in case of rotation, and that the total quantity diverted during the irrigation season shall not exceed three acre-feet per acre, of water from Middle Fork of Middle Fork Hood River (Coe Branch), for irrigation of 5.3 acres in SW $\frac{1}{2}$ SW $\frac{1}{2}$, Section 28, Township 1 North, Range 10 East, W.M., as established by Decree of the Circuit Court for Hood River County, entered October 24, 1921, in the name of Middle Fork Irrigating Company, now the Middle Fork Irrigation District, with a date of priority of November 19, 1906. (No certificate issued.)

ORS 540.621 provides that: "Whenever the owner of a perfected and developed water right certifies under oath to the State Engineer that the water right has been abandoned by him and that he desires cancellation thereof, the State Engineer shall enter an order canceling the water right."
