THE PROPOSED TEMPORARY CHANGES TO THE EXISTING DISTRICT WATER RIGHTS FOR THE 2003 IRRIGATION SEASON MAY BE MADE SUBJECT TO THE FOLLOWING CONDITIONS:

- 1. Pursuant to 540.570(1) the applicant may transfer the place of use of water within the district for one irrigation season provided the land from which the water use is being transferred does not receive any water under the right subject to transfer during the irrigation season in which the change is made; there is no enlargement in rate, duty and acres irrigated of the right subject to transfer; and the type of use subject to transfer remains the same.
- 2. Use of water on both the transfer "FROM" lands and transfer "TO" lands during the same irrigation season or calendar year is prohibited and may subject the district and landowner to civil penalties.
- 3. All restrictions and limitations contained in the decree or permit of the subject rights will apply to the "TO" lands.
- 4. Pursuant to 540.570 (5), the Department may further condition, reject or revoke a temporary transfer at any time to the extent necessary to avoid injury if the department finds the transfer is causing injury to an existing water right.
- 6. Pursuant to 540.570 (6), upon expiration of the temporary transfer period, all uses of water for which a temporary transfer is allowed under this section shall revert automatically to the terms and conditions of the original water right permit, certificate or an adjudication proceeding under ORS chapter 539 as evidenced by a court decree.
