***Permit Amendment Review Criteria***

8. The change would not result in injury to other water rights.
9. The change does not enlarge the permits.
10. The change does not alter any other terms of the permits.

**Conclusions of Law**

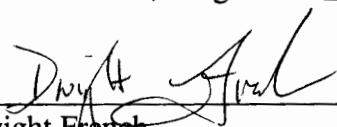

The additional point of diversion proposed by Permit Amendment Application T-11762 is consistent with the requirements of ORS 537.211.

**Now, therefore, it is ORDERED:**

1. The additional point of diversion proposed by Permit Amendment Application T-11762 is approved.
2. Permit S-54878, in the name of JENKS OLSEN FARMS INC., is issued to replace Permit S-54125, and incorporates the amendments approved by this order and the extension of time. Permit S-54125, in the name of JENKS OLSEN FARMS INC., is no longer of any force or effect.
3. Permit S-54879, in the name of JENKS OLSEN FARMS INC., is issued to replace Permit S-54128, and incorporates the amendments approved by this order, the assignments, and the extension of time. Permit S-54128, in the name of JENKS OLSEN FARMS INC., is no longer of any force or effect.
4. The combined quantity of water diverted at the new point of diversion, together with that diverted at the old point(s) of diversion, shall not exceed the quantity of water lawfully available at the original point(s) of diversion for each permit.

5. Water use measurement conditions:
  - a. Before water use may begin under this order, the permittee shall install a totalizing flow meter, or, with prior approval of the Director, another suitable measuring device, at each new point of diversion.
  - b. The permittee shall maintain the meters or measuring devices in good working order.
  - c. The permittee shall allow the Watermaster access to the meters or measuring devices; provided however, where the meters or measuring devices are located within a private structure, the Watermaster shall request access upon reasonable notice.
6. Prior to diverting water, the water user shall install a fish screening and/or by-pass device, as appropriate, at the new point of diversion consistent with the Oregon Department of Fish and Wildlife's (ODFW) design and construction standards. Prior to installation, the water user shall obtain written approval from ODFW that the required screen and/or by-pass device meets ODFW's criteria. Prior to submitting a Claim of Beneficial Use, the water user must obtain written approval from ODFW that the required screening and/or by-pass device was installed to the state's criteria. The water user shall maintain and operate the fish screen and/or by-pass device, as appropriate, at the point of diversion consistent with ODFW's operational and maintenance standards.
7. Water shall be acquired from the same surface water source as the original point(s) of diversion.
8. All other terms and conditions of Permits S-54878 and S-54879 remain the same.

Dated at Salem, Oregon this 30 day of September, 2014.
