Findings of Fact

1. On June 29, 2006, the DRC and COID filed a pooled instream lease application to lease a portion of Certificate 76358 to instream use. The Department assigned the application number L-779. The instream lease was approved by the Department on August 8, 2006, as evidenced by Special Order Volume 69, Page 566.
2. Subsequent to issuing the order, the Department identified a scrivener’s error in the description of the instream use created by the lease. This correcting order is issued to clarify the instream use. The correct description of the instream use is as follows:

Deschutes River tributary to the Columbia River

Instream Reach: From POD #1 (as described in Finding of Fact #3 in Special Order Volume 69, Page 566) to Lake Billy Chinook

Certificate	Priority Date	Instream Rate (cfs)	Instream Volume (af)	Period Protected Instream
76358	10/31/1900	Season 1: 0.072 Season 2: 0.096 Season 3: 0.178	57.12	April 1 through October 26

This is a final order in other than contested case. This order is subject to judicial review under ORS 183.484. Any petition for judicial review must be filed within the 60 day time period specified by ORS 183.484(2). Pursuant to ORS 536.075 and OAR 137-004-0080 you may either petition for judicial review or petition the Director for reconsideration of this order. A petition for reconsideration may be granted or denied by the Director, and if no action is taken within 60 days following the date the petition was filed, the petition shall be deemed denied.

3. All other conditions of the Final Order (Special Order Volume 69, Pages 566 through 568) remain the same.

CONCLUSIONS OF LAW

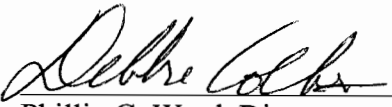

The Department concludes that the lease, as modified above, will not result in injury or enlargement, OAR 690-077-0077. The lease agreement conforms to the applicable provisions of OAR 690-077-0015.
