

Quantity: Rate: Season 1 (limited to 1/83rd Cubic Foot per Second (CFS)/acre)
 Season 2 (limited to 1/62nd CFS/acre)
 Season 3 (limited to 1/33.45 CFS/acre)
 Duty (limited to 9.58 acre-feet per acre)

Season 1	Season 2	Season 3	Duty
0.140 CFS	0.187 CFS	0.318 CFS	111.13 AF

The quantities listed reflect allowance of a 43% transmission loss as determined by decree of the Circuit Court of Deschutes County, dated March 24, 1933

Source: Deschutes River, tributary to the Columbia River

Place of Use:

IRRIGATION OF 11.6 ACRES						
Twp	Rng	Mer	Sec	Q-Q	Tax Lot	Acres
17 S	12 E	WM	18	SW NE	105	10.2
17 S	12 E	WM	18	SE NE	105	1.4

Point of Diversion:

Twp	Rng	Mer	Sec	Q-Q	Survey Coordinates
17 S	12 E	WM	29	SE NE	Swalley Main Canal Diversion #3 – 985 feet North & 617 feet West from the East ¼ Corner of Section 29
15 S	12 E	WM	14	NW SE	Additional District Diversion #15 – 2170 feet North & 1350 feet West from SE Corner of Section 14

3. The lease application includes the information required under OAR 690-077-0077(3). The Department provided notice of the lease application pursuant to OAR 690-077-0077(6). No comments were received.

4. The instream use is as follows:
 Deschutes River, tributary to the Columbia River

Instream Reach: From the Swalley Main Canal Diversion #3 (as described in Finding of Fact #2) to Lake Billy Chinook

Certificate	Priority Date	Instream Rate (cfs)	Period Protected Instream	Instream Volume (AF)
74145	September 1, 1899	0.080	Season 1	60.19
		0.107	Season 2	
		0.181	Season 3	

5. Other conditions to prevent injury and enlargement are:

The amount of water to be leased instream under Certificate 74145 does not include a 43% transmission loss associated with this right when used for its originally authorized purpose. The transmission loss may not be leased and protected instream.

6. Based upon review of the application, comments received, information provided by the Department’s Watermaster, and other available information, the Department finds that the lease will not result in injury or enlargement. This finding is made through an abbreviated review recognizing that the lease may be modified or revoked under OAR 690-077-0077 if the Department later finds that the lease is causing injury to any existing water right or enlargement of the original right.

7. If a right which has been leased is later proposed to be leased again or transferred to an instream use under ORS 537.348 and OAR 690-077-0070 or OAR 690-077-0075 a new injury review shall be required. Transfers will be subject to a full and complete review to determine consistency with the requirements of OAR Chapter 690, Division 380 and Division 077. Approval of this lease does not establish a precedent for approval of future leases or transfers.
8. The lease will terminate on October 31, 2011.
9. The Lessor has requested the option of terminating the lease early with written notice to the Department.

Preliminary Award of Deschutes Basin Mitigation Credits

10. The Lessee, a mitigation bank chartered by the Water Resources Commission, has requested that the portion of the right to be protected instream be used to generate mitigation credits.
11. The Department assigned this mitigation credit project number MP-100.
12. The Department provided notice of the mitigation credit project pursuant to OAR 690-521-0300 (6). The Department also provided notice of the mitigation credit project to the Oregon Department of Fish and Wildlife, Oregon Department of Environmental Quality, Oregon Parks and Recreation Department, Oregon Department of State Lands, the Oregon Department of Agriculture, and the Department's Watermaster pursuant to OAR 690-521-0300 (7) and OAR 690-505-0630 (2). No comments were received.
13. The Department finds that **20.9** mitigation credits may be awarded to this mitigation credit project and assigned to the DWE Mitigation Bank. The mitigation credits may be used to mitigate for ground water permit applications and existing conditioned ground water permits and certificates, providing mitigation pursuant to the Deschutes Ground Water Mitigation Rules, OAR Chapter 690, Division 505, within the **Middle Deschutes and General** Zones of Impact.
14. The mitigation credits expire on December 31, 2011.
15. The use and maintenance of the mitigation credits is subject to the terms and conditions of the DWE Mitigation Bank Charter.
16. The Department shall award final mitigation credits upon completion of the approved project by the applicant and verification by the Department that the project is complete. The issuance of the Final Order approving the proposed instream lease shall result in completion of the project and verification that the project is complete.
17. No precedent is set by this Final Order as to the amount of mitigation credits that may be generated by a subsequent mitigation credit project.

CONCLUSIONS OF LAW

The Department concludes that the lease will not result in injury or enlargement, OAR 690-077-0077. The lease conforms to the applicable provisions of OAR 690-077-0015.

This mitigation project results in mitigation credits pursuant to ORS 537.746 and OAR 690-521-0300 and 690-521-0400.

ORDER

Therefore, it is ORDERED:

1. That the Lease as described herein is APPROVED.
2. The former place of use will no longer receive water as part of these rights, any supplemental rights, or any other layered water rights for irrigation use, including ground water registrations during the term of the lease.
3. The lease will terminate on October 31, 2011. The Lessor shall have the option of terminating the lease with written notice to the Department provided to both the Salem office and Watermaster office. Written notice of termination of a lease must be provided by all Lessors and the Lessee. The written notice to Salem office must include original signatures. The notice to the Watermaster office may be made by fax or e-mail. The lease may be terminated at any time during a calendar year. However, if the termination request is received less than 30-days prior to the period of allowed instream use (April 1) or after the period of allowed use has begun for the water right(s) being leased, water may not be used under the right(s) leased until the following calendar year, unless the Director determines that enlargement would not occur.
4. **Final Award of Deschutes Basin Mitigation Credits:** Issuance of this Final Order results in completion of the project and verification by the Department that the project is complete. The Department concludes that the mitigation credit project is awarded mitigation credits, as described above, pursuant to OAR 690-521-0400 and ORS 537.746. Mitigation Credits, in the amount of 20.9 credits, as described herein, are awarded to this mitigation project and assigned to the DWE Mitigation Bank. Mitigation Credits may be used to satisfy a mitigation obligation of a ground water permit applicant and/or ground water permit/certificate holder in the **Middle Deschutes and General** Zones of Impact.
5. Mitigation credits are valid until used (or until they expire or are terminated) to satisfy a mitigation obligation of a ground water permit applicant and/or ground water permit/certificate holder within the Deschutes Ground Water Study Area pursuant to the Deschutes Ground Water Mitigation Rules. Mitigation credits are used when a person submits to the Department documentary evidence that valid credits have been obtained and assigned to satisfy a mitigation obligation.
6. The mitigation credits shall expire on December 31, 2011, unless the project is terminated earlier by the Lessors and Lessee.

7. The use and maintenance of the mitigation credits shall be subject to the terms and conditions of the DWE Mitigation Bank Charter.

Dated at Salem, Oregon this 3rd day of May 2007.

Phillip C. Ward, Director
