6. Temporary Transfer Application T-11862 proposes to temporarily change the place of use of the right to:

IRRIGATION						
Twp	Rng	Mer	Sec	Q-Q	DLC	Acres
6 S	1 E	WM	9	NW NE	42	1.3
6 S	1 E	WM	9	NE SW	42	2.3
6 S	1 E	WM	9	NW SW	41	2.7

7. Water Right Certificate 84590, with an approved period of use from March 1 through May 31 exists on the proposed place of use for Temporary Transfer Application T-11862.

Temporary Transfer Review Criteria

8. Water has been used within the last five years according to the terms and conditions of the right. There is no evidence available that would demonstrate that the right is subject to forfeiture under ORS 540.610.
9. A diversion structure and ditch sufficient to use the full amount of water allowed under the existing right are present.
10. The proposed change would not result in enlargement of the right.

11. The proposed change would not result in injury to other water rights. This finding is made through an abbreviated review recognizing that the transfer may be revoked under ORS 540.523(5) if the Department later finds that the transfer is causing injury to any existing water right.

Conclusions of Law

The temporary change in place of use proposed in application Temporary Transfer Application T-11862 is consistent with the requirements of ORS 540.523 and OAR 690-380-8000.

Now, therefore, it is ORDERED:

1. The temporary change in place of use proposed in Temporary Transfer Application T-11862 is approved.
2. The former place of use **shall not** be irrigated as part of this water right during the 2014, 2015, 2016, 2017 and 2018 irrigation seasons.
3. On the lands covered by Water Right Certificate 84590, this Temporary Transfer Application T-11862 shall only be exercised when water under Water Right Certificate 84590 is unavailable.
4. The use shall revert to the authorized place of use at the end of the 2018 irrigation season.
5. The approval of this temporary transfer may be revoked or modified if the Department finds the changes cause injury to any existing water right.
6. A subsequent application for permanent transfer of Certificate 41645 shall be subject to a full and complete review to determine consistency with the requirements of OAR Chapter 690, Division 380. Approval of this temporary transfer does not establish a precedent for approval of a subsequent application filed for a permanent transfer.
7. The use of water at the temporary place of use authorized by this transfer shall be in accordance with the terms and conditions of Certificate 41645.
8. The time during which water is used under this approved temporary transfer does not apply toward a finding of forfeiture under ORS 540.610.
9. The use of the remaining water right described by Certificate 41645 shall continue to be in accordance with the terms and conditions of Certificate 41645.
