15. The Department finds that the district permanent transfer application was submitted according to ORS 540.580 and OAR 690-385-4000, contains the information required under OARs 690-385-4200 and 690-385-2000, and includes maps meeting the requirements of OARs 690-385-4300 and 690-385-2200.
16. The Department finds that the proposed district permanent transfer meets all the criteria set forth in ORS 540.580 and OAR 690-385-4000.
17. The proposed change in places of use will not result in enlargement of the right as defined in OAR 690-385-0100(4).
18. The proposed change in place of use will not result in injury to other water rights as defined in OAR 690-385-0100(6).
19. Any other applicable requirements for district permanent water right transfers are met as required in OAR 690-385-4500.

Conclusions of Law

The proposed changes in place of use as proposed in Transfer Application T-13333 comply with and satisfy the requirements of ORS 540.580 and OAR 690-385-4500.

Now, therefore, it is ORDERED:

1. The proposed changes in place of use to the water rights evidenced by Certificates 83381, 83383, 80578, 83728, and Permit S-4951 are approved.
2. The right to the use of the water is restricted to beneficial use at the place of use not modified by this order and is subject to all other conditions and limitations contained in Certificates 83381, 83383, 80578, 83728, Permit S-4951, and any related decree.

3. The place of use from which the water right is removed by T-13333 shall no longer be irrigated under the transferred right.
4. The water user shall maintain and operate the existing measurement device and shall make such improvements as may be required by the Department.
5. Full beneficial use of the water shall be made, consistent with the terms of this order, on or before **October 1, 2021**. A Claim of Beneficial Use shall be submitted by MID to the Department within one year after the deadline for completion of the changes and full beneficial use of the water.
6. Water right Certificates 83381, 83383, 80578, 83728, and Permit S-4951 are modified. After satisfactory proof of completion has been determined by the Department, superseding confirming-remaining water right certificates will be issued when the Department determines it is necessary for record keeping.
