Now, therefore, it is ORDERED:

to appropriate groundwater under the certificate of registration or modification. Such a determination will occur in an adjudication proceeding under ORS 537.670 to 537.695.

2. *The use of the water is restricted to beneficial use at the place of use described, and is subject to all other conditions and limitations contained in Registration Application GR-170 (Certificate of Registration GR-161) and any related decree.*

6. *The former place of use of the modified groundwater registration shall no longer receive water as part of the groundwater certificate of registration.*
