3. Application T-9246 proposes to change the point of appropriation of Well 1 to:

Township		Range		Meridian	Sec	¼ ¼		Lot	DLC	Location
16	S	3	W	W.M.	26	SW	SW			North 72°20'00" West 4570 feet from SE Corner of Section 26.

4. Notice of the application for permit amendment was published pursuant to ORS 540.520(5). No comments were filed in response to the notice.
5. The change would not result in injury to other water rights.
6. The change does not enlarge the permit.
7. The change does not alter all other terms of the permit.

8. A scrivener's error was found in Permit G-14050's quarter-quarter description of the authorized points of diversion. The permit describes the SW $\frac{1}{4}$  SW $\frac{1}{4}$  of Section 36 as having points of diversion. The correct quarter-quarter is the SW $\frac{1}{4}$  NW $\frac{1}{4}$  of Section 35, T 16 S, R 3 W, W.M..

### Conclusion of Law

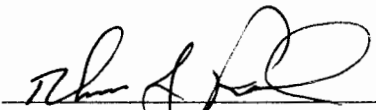

The change in point of appropriation of Well 1 proposed by Permit Amendment Application T-9246 is consistent with the requirements of ORS 537.211.

### Now, therefore, it is ORDERED:

The permittee shall maintain the meter or measuring device in good working order, and shall keep a complete record of the amount of water used each month and shall submit a report which includes the recorded water use measurements to the Department annually or more frequently as may be required by the Director. Further, the Director may require the permittee to report general water use information, including the place and nature of use of water under the permit.

3. Water shall be acquired from the same aquifer as the original point of appropriation.
4. All other terms and conditions of Permit G-14050 remain the same.
5. Permit G-14050, in the name of Country View Estates Water System, is amended as described herein.
