OAR 690-385-7600 describes the process for the Water Resources Department to issue a water right certificate upon determination that an applicant has made satisfactory proof of completion of the changes authorized by a final order approving a district permanent transfer.

Applicant

Central Oregon Irrigation District
1055 SW Lake Court
Redmond, OR 97756

Findings of Fact

1. On May 12, 2005, the Department issued a final order, recorded in Special Order Volume 64, Pages 416 - 418, approving district permanent transfer application T-9315. The order established October 1, 2006, as the date for completion of the authorized change in place of use.
2. On June 20, 2007, the Department received an application from Central Oregon Irrigation District requesting an extension of time to October 1, 2008, to complete the transfer. On June 22, 2007, the Department issued a final order, recorded in Special Order Volume 72, Pages 483 - 484, approving the request.
3. On September 17, 2009, the Department received a claim of beneficial use for T-9315.
4. The Department reviewed the claim of beneficial use and final proof maps submitted by the applicant for district permanent transfer T-9315.
5. The claim of beneficial use did not contain map(s) of the point(s) of diversion from the source. However, since these changes are for place of use only within an irrigation district, and do not involve changes in point of diversion, the existing map(s) on file with the Department are sufficient to identify the point(s) of diversion from the source.

This is a final order in other than a contested case. This order is subject to judicial review under ORS 183.484. Any petition for judicial review must be filed within the 60-day time period specified by ORS 183.484(2). Pursuant to ORS 536.075 and OAR 137-004-0080, you may petition for judicial review or petition the Director for reconsideration of this order. A petition for reconsideration may be granted or denied by the Director, and if no action is taken within 60 days following the date the petition was filed, the petition shall be deemed denied.

6. The claims of beneficial use and final proof map for portions of T-9315 identify a portion of the completed change slightly differently from that authorized by the final order approving the transfer and are further described in the tables below.

Change authorized by final order approving transfer:

TWP	RNG	SEC	Q - Q	TAX LOT	ACRES	USER
17 S	12 E	3	SE SW	104	3.60	ROBBINS
17 S	13 E	28	SE NW	2100	0.34	FRAZEE
Total:					3.94	

Change described by claim of beneficial use and final proof map:

TWP	RNG	SEC	Q - Q	TAX LOT	ACRES	USER
17 S	12 E	3	NE SW	104	0.90	ROBBINS
17 S	12 E	3	SE SW	104	2.70	ROBBINS
17 S	13 E	28	SE NW*	2100	0.34	FRAZEE
Total:					3.94	

*change completed differently but within same q/q.

7. The reconfigured change in location of use as mapped is determined satisfactory because the reconfigured, completed use is within the same tax lot and ownership and affects the same number of irrigated acres within the parcels.
8. The claim of beneficial use for a portion of T-9315 indicates that a portion of the water right was not fully perfected, is less than approved and is described in the tables below:

As authorized by Final Order (Special Order Volume 64, Pages 416 - 418)							
POD	TWP	RNG	SEC	Q - Q	TAX LOT	ACRES	NOTICE#
1	17 S	13 E	19	SW NW	502	0.35	2002-043

As documented on Claim of Beneficial Use form							
POD	TWP	RNG	SEC	Q - Q	TAX LOT	ACRES	NOTICE#
1	17 S	13 E	19	SW NW	502	0.00	2002-043

9. Other than described in Finding of Fact #8 above, satisfactory proof of the changes were submitted with evidence showing that water was used in the location and for the purpose as authorized by the final order approving T-9315.

Conclusions of Law

Pursuant to OAR 690-385-7600, the Department may issue a certificate upon a determination that the application of water to beneficial use under the terms of the final order approving a permanent district transfer was completed to the extent authorized.

Now, therefore, it is ORDERED:

The Department has determined that the application of water to beneficial use under the terms of the final order approving district permanent transfer T-9315 was completed to the extent authorized.

Pursuant to OAR 690-385-7600, the Department will issue a water right certificate on a determination that it is necessary to produce a certificate describing the right.
