Review Criteria for Ground Water Registration Modification Applications [OAR 690-382-0700(2)]

- The proposed modification would not result in enlargement of the ground water registration.
- The proposed modification would not result in a state Scenic Waterway not receiving previously available water during periods in which stream flows are less than the quantities determined by the Department to be necessary to meet the requirements of ORS 390.835.
- The proposed modification would not result in injury to other water rights.

Conclusions of Law

The modification in point of appropriation proposed in Ground Water Registration Modification T-11247 is consistent with the requirements of ORS 537.610, 537.705, 540.505 to 540.580 and OAR 690-382-1000.

Now, therefore, it is ORDERED:

1. The modification to Registration Application GR-3575 (Certificate of Registration GR-3508) proposed in Ground Water Registration Modification Application T-11247 is recognized. Recognition of the modification shall not be construed as a final determination of the right to appropriate ground water under the certificate of registration or modification. Such a determination will occur in an adjudication proceeding under ORS 537.670 to 537.695.
2. The use of the water is restricted to beneficial use at the place of use described, and is subject to all other conditions and limitations contained in Registration Application GR-3575 (Certificate of Registration GR-3508) and any related decree.
3. Water shall be acquired from the same aquifer (water source) as the original point of appropriation.
4. The quantity of water diverted at the new point of appropriation, shall not exceed the quantity of water lawfully available at the original point of appropriation.
5. When required by the Department, the water user shall install and maintain an in-line flow meter or other suitable device for measuring and recording the quantity of water appropriated. The type and plans of the measuring device must be approved by the Department prior to beginning construction and shall be installed under the general supervision of the Department.
