

**Before the Water Resources Director
Deschutes County**

FINAL ORDER

Pursuant to ORS 541.329 (District Water Rights Mapping Provision), a petition requesting approval and acceptance of district maps showing the location and use of all water rights within and served by a district was submitted to the Oregon Water Resources Commission on July 1, 1993, by the petitioner:

**TUMALO IRRIGATION DISTRICT
64697 COOK AVE
BEND, OREGON 97701**

The water rights petitioned are evidenced by original certificates 26050, 26508, 31410, 26051, 31412, and transfer D-39 as shown in **Table 1**. The special orders that modified each original certificate to date are shown in **Table 2**.

The petitioner requests that the Rights of Record (**Table 1**) be changed to reflect the present uses and places of use listed in **Table 4** (the petition). **Table 3** is a summary of the petition.

The petitioner does not use; therefore, did not petition, all of the supplemental acres allowed under original certificates 26050 and 26051, as modified by the special orders listed in **Table 2**. The petitioner requests that the excess acres NOT petitioned be canceled.

FINDINGS

The Director has examined the petition and maps submitted by Tumalo Irrigation District and a report prepared by Department staff. The report is on file at the Water Resources Department. Based upon the examination and report, the Director finds:

1. Tumalo Irrigation District is a district eligible to petition as defined in ORS 541.325(1).
2. The District filed its petition and maps in a timely manner.
3. The District paid the fees required under ORS 536.050(1)(o).
4. The District certified that they met the notice requirements of ORS 541.329(4).
5. The content and quality of the District's petition and maps meet the requirements of ORS 541.329.
6. The acreage petitioned is within the limits of the eligible water rights and the limits set in ORS 541.331 (4).
7. The District has met the notice requirements of ORS 541.329(5).
8. One user filed a protest pursuant to ORS 541.331(1) but the district resolved the protest without need of a hearing.
9. Tumalo Irrigation District may make the proposed changes without injury to existing rights.

Therefore the Director finds that TUMALO IRRIGATION DISTRICT has met the requirements of ORS 541.325 to 541.333.

FINAL ORDER

NOW, THEREFORE, it is ORDERED that the petition and maps of water rights submitted by TUMALO IRRIGATION DISTRICT are accepted and approved. Certificates 26050, 26508, 31410, 26051, and 31412 have been canceled.

It is FURTHER ORDERED that Transfer Sp. Or. V. 5, P. 220 (Transfer D-39) as modified by the petition, is confirmed.

It is FURTHER ORDERED that the special orders listed in Table 2, as modified by the petition, are confirmed.

It is FURTHER ORDERED that any existing supplemental right acreage greater than the acreage petitioned is canceled.

It is FURTHER ORDERED that new certificates conforming to the approved petition be issued to TUMALO IRRIGATION DISTRICT.

It is FURTHER ORDERED that the original season, rate, duty limitations and all other conditions and limitations contained in the original decrees and certificates will remain in effect for each new certificate issued.

This order does not affect or make any determination regarding any uncertificated water right permit within the district.

WITNESS the signature of the Oregon Water Resources Director, affixed this 19th day of June, 1997.

Martha O. Pagel, Director
