The right is limited to the storage of water from the Deschutes River appropriated under Permit 23256 for irrigation; provided that the priority for the storage of water shall be exercised in accordance with the inter-district contract dated January 4, 1938, between Central Oregon Irrigation District, Crook County Improvement District No. 1, and Arnold Irrigation Company, predecessor of Arnold Irrigation District.

The right to store and use the water for the above purposes is restricted to beneficial use at the place of use described.

The applicant proposes to change the use from storage for irrigation to storage for multiple purpose uses.

This change is to allow for the use of existing storage for additional beneficial purposes. No changes to the existing facilities are required. The change is complete and no time limit for completion of the change is necessary.

Certificate 76247 is canceled. A new certificate will be issued confirming the use which may be made of the stored water.
