Findings of Fact

1. On May 18, 2021, Pinnacle Utilities, LLC and Central Land & Cattle Company, LLC filed an application to lease a portion of Certificate 90239 for instream use. The Department assigned the instream lease application number IL-1874.
2. The lease application requested to protect water instream for five years, terminating on October 31, 2025. A Final Order approving this lease was issued by the Department on June 30, 2021, as evidenced by Special Order Volume 120, Page 1007.
3. The final order contained a condition allowing the Lessor and the Lessee to terminate the lease in any year of the lease, prior to the lease being exercised that season, with written notification to the Department.
4. On April 12, 2022, the Department received a request from Pinnacle Utilities, LLC to terminate the lease prior to the 2022 instream use period.
3. The lease was exercised during the 2021 water use period ending on October 31, 2021.

Conclusions of Law

This is a final order in other than contested case. This order is subject to judicial review under ORS 183.484. Any petition for judicial review must be filed within the 60 day time period specified by ORS 183.484(2). Pursuant to ORS 536.075 and OAR 137-004-0080 you may either petition for judicial review or petition the Director for reconsideration of this order. A petition for reconsideration may be granted or denied by the Director, and if no action is taken within 60 days following the date the petition was filed, the petition shall be deemed denied.

The Department concludes that terminating the lease in advance of the 2022 instream use period is consistent with OAR 690-077.

Now, therefore it is ORDERED:

The Instream Lease described herein is TERMINATED and no longer in effect.

Dated at Salem, Oregon this day APR 15 2022.
