

**Before the Water Resources Director
Crook County Oregon**

FINAL ORDER

Pursuant to ORS 541.329 (District Water Rights Mapping Provision), a petition requesting approval and acceptance of district maps showing the location and use of all water rights within and served by a district was submitted to the Oregon Water Resources Commission on July 1, 1993, by the petitioner:

**CROOKED RIVER CENTRAL DITCH COMPANY
RURAL ROUTE 1, BOX 109
REDMOND, OREGON 97756**

By Decree of the Circuit Court for Crook County, Oregon, entered April 13, 1914, In the Matter of the Determination of the Relative Rights to the Use of Water of Crooked River and its Tributaries, a water right, a portion of which is tabulated under "Eligible Rights of Record" in **ATTACHMENT A**, was allowed in the name of Peoples Irrigation Company for use of the waters of the Crooked River for irrigation, stock, and domestic use.

These lands have priority dates of 1880, 1893, 1897, 1904, 1906, and 1904/1910 as evidenced by the certificate of water right recorded at page 52183, State Record of Water Right Certificates.

The petitioner also has the following eligible rights of record established through the permit process:

Certificate 2897 for irrigation from the Crooked River with an October 3, 1919 priority.

Certificate 8640 for irrigation and domestic use from the Crooked River with a September 19, 1927 priority.

Certificate 8992 for irrigation and domestic use from the Crooked River with an October 22, 1927 priority.

Certificate 10019 for irrigation and domestic use from the Crooked River with a December 9, 1927 priority.

A portion of Certificate 68396 for irrigation and supplemental irrigation from the Crooked River and Prineville Reservoir with an April 8, 1914 priority.

These lands are also tabulated under "Eligible Rights of Record" in **ATTACHMENT A**. (Certificate 68396 superseded Certificate 68327 subsequent to the petition but did not alter the petitioner's right of record).

These lands are irrigated by means of the Peoples Irrigation Company and Crooked River Central Ditch Company canals and by direct diversion from the Crooked River.

The petitioner requests to change the uses and places of use of the above rights to uses and places of use as tabulated under "Petitioned Rights" in **ATTACHMENT B**. The petitioner has stated that there is no domestic use and requests that no domestic use be included in the new certificates.

FINDINGS

The Director has examined the petition and maps submitted by Crooked River Central Ditch Company and a report prepared by Department staff. The report is on file at the Water Resources Department. Based on the examination and report, the Director finds:

Therefore, the Director finds that CROOKED RIVER CENTRAL DITCH COMPANY has met the requirements of ORS 541.325 to 541.331.
