9. Temporary Transfer Application T-13216 proposes to temporarily transfer water rights within the boundaries of Columbia Improvement District. The district was notified of the proposed temporary transfer and concurred.

Temporary Transfer Review Criteria

10. There is no evidence available that would demonstrate that the rights are subject to forfeiture under ORS 540.610.
11. A pump, pipeline, and sprinkler system sufficient to use the full amount of water allowed under the existing rights are present.
12. The proposed change would not result in enlargement of the rights.
13. The proposed change would not result in injury to other water rights. This finding is made through an abbreviated review recognizing that the transfer may be revoked under ORS 540.523(5) if the Department later finds that the transfer is causing injury to any existing water right.

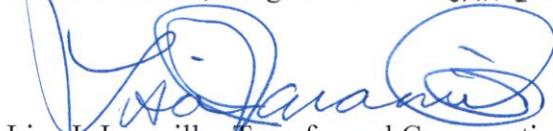

Conclusions of Law

The temporary change in place of use proposed in Temporary Transfer Application T-13216 is consistent with the requirements of ORS 540.523 and OAR 690-380-8000.

Now, therefore, it is ORDERED:

14. The temporary change in place of use proposed in Temporary Transfer Application T-13216 is approved.
15. The former place of use **shall not** be irrigated as part of these water rights during the 2019 irrigation season.
16. The use shall revert to the authorized place of use at the end of the 2019 irrigation season.
17. The approval of this temporary transfer may be revoked or modified if the Department finds the change causes injury to any existing water right.
18. A subsequent application for permanent transfer of Certificates 61848, 61849, and 68536 shall be subject to a full and complete review to determine consistency with the requirements of OAR Chapter 690, Division 380. Approval of this temporary transfer does not establish a precedent for approval of a subsequent application filed for a permanent transfer.
19. The use of water at the temporary place of use authorized by this transfer shall be in accordance with the terms and conditions of Certificates 61848, 61849, and 68536 and subject to any order allocating or limiting the amount of water used for irrigation.
20. The time during which water is used under this approved temporary transfer does not apply toward a finding of forfeiture under ORS 540.610.
21. The use of the remaining water rights described by Certificates 61848, 61849, and 68536 shall continue to be in accordance with the terms and conditions of Certificates 61848, 61849, and 68536 and any order allocating water for use.
