Findings of Fact

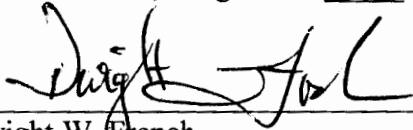

1. On April 9, 1991, James W. Gardner filed an application to change a point of diversion under certificate 41855. The Water Resources Department (Department) assigned the application number T-6533.
2. On August 26, 1993, The Department issued an order approving the proposed change. The order was recorded in Special Order Volume 47, page 316.
3. On June 17, 2014, The Department received a letter from the legal owner of the property involved in the transfer. The letter stated that the change in point of diversion had not occurred and they were requesting that the right revert back to the original terms and conditions of the certificate prior to the approval of T-6533.

This is a final order in other than a contested case. This order is subject to judicial review under ORS 183.484. Any petition for judicial review must be filed within the 60 day time period specified by ORS 183.484(2). Pursuant to ORS 536.075 and OAR 137-004-0080, you may either petition for judicial review or petition the Director for reconsideration of this order. A petition for reconsideration may be granted or denied by the Director, and if no action is taken within 60 days following the date the petition was filed, the petition shall be deemed denied.

Now, therefore it is ORDERED:

The change authorized under Transfer Application T-6533 is reverted to all the terms and the conditions authorized under the right prior to the transfer. A superseding certificate for right affected by the transfer shall be issued.
