ORDER

-----

The Yachats Water District is the holder of permit No. 29018 which grants the right to appropriate not to exceed 2.0 cubic feet per second of water from Salmon Creek for municipal use.

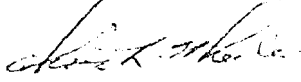

The District has advised the State Engineer that the appropriation has not been made as described in the permit, but it is the District's desire to preserve the right for this development.

The District has further advised that they have done some surveying and planning.

It is believed that it will be consistent with the public interest to grant said extension.

NOW, THEREFORE, it hereby is ORDERED that the time limits to begin and complete construction and make complete application of water under permit No. 29018 be extended to October 1, 1969.

Dated at Salem, Oregon, this 16<sup>th</sup> day of September, 1968.
