Permit No. G- 103

APPLICATION FOR A PERMIT

To Appropriate the Ground Waters of the State of Oregon

I, Harold A. Ross (Name of applicant) of Box 247 Shady Cove (Postoffice Address), county of Jackson state of Oregon, do hereby make application for a permit to appropriate the following described ground waters of the state of Oregon, SUBJECT TO EXISTING RIGHTS:

If the applicant is a corporation, give date and place of incorporation

1. Give name of nearest stream to which the well, tunnel or other source of water development is situated unnamed creek, a tributary of 26 mile creek (Name of stream) tributary of Rogue River

2. The amount of water which the applicant intends to apply to beneficial use is 0.07 cubic feet per second or 13 gallons per minute.

3. The use to which the water is to be applied is Irrigation

4. The well or other source is located 191.77 ft N and 1333.2 ft E from the SW corner of section 29 (Section or subdivision)

(If preferable, give distance and bearing to section corner)

to be situated in the SE 1/4 NW 1/4 of Sec 29, Twp 36S, R 10W W.M. of the county of Jackson

The pipe line (Type of pipe) to be 800 feet (Length) in length terminating in the NW 1/4 SW 1/4 of Sec 29, Twp 36S

W.M. the proposed location being shown throughout on the accompanying map

The name of this well or other works is Ross well

DESCRIPTION OF WORKS

In order to obtain the water to be used for the control and conservation of the ground waters to be described,

I propose to construct a total of one well (Give number of wells to be constructed)

of 12 inches and an estimated depth of 30 feet. It is estimated that 36

gpm (Give approximate casing) Depth to water table is estimated 4 ft

CANAL SYSTEM OR PIPE LINE--

9. (a) Give dimensions at each point of canal where materially changed in size, stating miles from headgate. At headgate: width on top (at water line) _____ feet, width on bottom _____ feet; depth of water _____ feet; grade _____ feet fall per one thousand feet.

(b) At _____ miles from headgate: width on top (at water line) _____ feet; width on bottom _____ feet; depth of water _____ feet; grade _____ feet fall per one thousand feet.

(c) Length of pipe, *300* ft.; size at intake, *1 1/2* in.; in size at *24000* ft from intake *T. 2* in.; size at place of use *2* in.; difference in elevation between intake and place of use, *Level* ft. Is grade uniform? *1200 gal per* Estimated capacity, _____ sec. ft.

10. If pumps are to be used, give size and type *one 1/2 h.p. jet pump*

(Give horsepower and type of motor or engine to be used)

11. If the location of the well, tunnel, or other development work is less than one-fourth mile from a natural stream or stream channel, give the distance to the nearest point on each of such channels and the difference in elevation between the stream bed and the ground surface at the source of development

A small creek channel is approximately 15 ft. level with the proposed well with the ground & surface elevation 3 feet higher at the well.

12. Location of area to be irrigated, or place of use

Range E. or W. of Willamette Meridian	Section	Forty-acre Tract	Number Acres To Be Irrigated
<i>2/2 S</i>	<i>10</i>	<i>S 10, N 10, E 16</i>	<i>1.160</i>
		<i>S 12, N 10, E 17</i>	<i>0.353</i>
		<i>Sub 4</i>	<i>5.6</i>
	<i>20</i>	<i>Southerly part of Lot 7, Block II of</i>	
		<i>SW 1/4, NE 1/4</i>	<i>2.400 ac</i>
		<i>SE 1/4, NE 1/4</i>	
		<i>N 1/4, NE 1/4</i>	
		<i>NE 1/4, NE 1/4</i>

MUNICIPAL SUPPLY—

13. To supply the city of _____
in _____ county, having a present population of _____
and an estimated population of _____ in 19_____

14. Estimated cost of proposed works, \$_____

15. Construction work will begin on or before *1st of June* date of issuance of permit

16. Construction work will be completed on or before *October, 1957*

17. The water will be completely applied to the proposed use on or before *October, 1958*

18. If the ground water supply is supplemental to an existing water supply, identify any application for permit, permit, certificate or adjudicated right to appropriate water, made or held by the applicant. _____

Garth A. Ross
(Signature of applicant)

Remarks: _____

STATE OF OREGON,)
County of Marion,) ss.

I do hereby certify that I have examined the foregoing application, together with the accompanying exhibits, and return the same for _____ completion.

If priority is retained, this application must be returned to the State Engineer with _____
_____ January 27, 1956
_____ and this _____ day of November 1956
_____ 12th January 56

RECEIVED
LEWIS A. SEAL LAY
Chris L. Wheeler, Assistant

STATE OF OREGON,

PERMIT

County of Marion,

ss.

This is to certify that I have examined the foregoing application and do hereby grant the same. SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.04 cubic feet per second measured at the point of diversion from the well or source of appropriation, or its equivalent in case of rotation with other water users, from Ross Well

The use to which this water is to be applied is irrigation

If for irrigation, this appropriation shall be limited to 1/80th of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 3/25 acre feet per acre for each acre irrigated during the irrigation season of each year; provided further that the amount of water allowed herein, together with the amount secured under any other right existing for the same lands shall not exceed the limitation allowed herein,

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer

The well shall be cased as necessary in accordance with good practice and if the flow is artesian the casing shall include proper capping and control valve to prevent the waste of ground water.

The works constructed shall include an air line and pressure gauge or an access port for measuring the pressure to determine water level elevation in the well at all times.

The present date of this permit is November 15, 1955

Construction work shall begin on or before February 15, 1957 and shall

thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1957

The permittee shall install and maintain a weir, meter, or other suitable measuring device, and shall keep a complete record of the amount of ground water

diverted, and the application of the water to the proposed use shall be made on or before October 1, 1957

Witness my hand and seal this 15th day of

February

1955.

Louis A. Stanley

STATE ENGINEER

PERMIT

TO APPROPRIATE THE GROUND WATERS OF THE STATE OF OREGON
