

STATE OF OREGON

County of LAKE

PERMIT TO APPROPRIATE THE PUBLIC WATERS

This is to certify that I have examined APPLICATION G-11558 and do hereby grant the same SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

This permit is issued to Oregon Department of Fish and Wildlife, 506 SW Mill, Portland, Oregon, 97207, phone 229-5701, for use of the waters from one well,

for the PURPOSE of Wildlife habitat improvement,

that the PRIORITY OF THE RIGHT dates from July 15, 1986,

and is limited to the amount of water which can be applied to beneficial use and shall not exceed 2.23 cubic feet per second,

measured at the point of diversion from the well, or its equivalent in case of rotation with other water users.

The well is to be LOCATED: 33 feet North and 53 feet West from the center corner of Section 7, being within the SE 1/4 NW 1/4 Section 7, Township 30 South, Range 17 East, WM, in the County of Lake.

A description of the PLACE OF USE under the permit, and to which such right is appurtenant, is as follows:

Township 30 South, Range 17 East, WM Section 7	SE1/4 NE1/4	6.0 acres
	NE1/4 SE1/4	13.0 acres

This permit shall be subject to the following conditions:

- (1) At any time when the flow of Ana Springs is insufficient to furnish the amount of water required to satisfy existing rights with priority earlier than this permit, the well shall be so operated that one-fourth of the total water withdrawn shall be delivered by the permittee into Ana Springs Reservoir or into the main canal of the Summer Lake Irrigation District. The quantity of water so delivered shall not be charged against the water allowed for the use under this permit.
- (2) The permittee shall construct the necessary pipelines or ditches and install the necessary measuring devices so that the provisions of condition (1) may be enforced by the proper state officer.

The well shall be constructed in accordance with the General Standards for the Construction and Maintenance of Water Wells in Oregon. The works constructed shall include an air line and pressure gauge or an access port for measuring line, adequate to determine water level elevation in the well at all times. The permittee shall install and maintain a weir, meter, or other suitable measuring device, and shall keep a complete record of the amount of ground water withdrawn.

Actual construction work shall begin on or before March 31, 1988, and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1988.

Complete application of the water to the proposed use shall be made on or before October 1, 1989.

Witness my hand this 31st day of March, 1987.

/s/ WILLIAM H. YOUNG

WATER RESOURCES DIRECTOR

This permit is for the beneficial use of water. By law, the land use associated with this water use must be in compliance with statewide land-use goals and any local acknowledged land-use plan. It is possible that the land use you propose may not be allowed if it is not in keeping with the goals and the acknowledged plan. Your city or county planning agency can advise you about the land-use plan in your area.
