The AMOUNT OF WATER used for irrigation, together with the amount secured under any other right existing for the same lands shall be limited to 1/80 of one cubic foot per second per acre, and shall be further limited to a diversion of not to exceed 3.0 acre-feet per acre for each acre irrigated during the irrigation season of each year, provided further that the right allowed herein shall be limited to any deficiency in the available supply of any prior right existing for the same land and shall not exceed the limitation allowed herein, provided further that use of water under this permit shall be limited to the appropriation of water only to the extent that such appropriation does not interfere with or deplete the flow of Umatilla River or any tributary thereof; any depletion will require the well to be shut down unless the Order of Withdrawal of the Umatilla River and its tributaries by the Water Resources Commission dated December 2, 1985, is not extended or amended, and shall conform to such reasonable rotation system as may be ordered by the proper state officer.

The well shall be constructed in accordance with the General Standards for the Construction and Maintenance of Water Wells in Oregon. The works constructed shall include an air line and pressure gauge or an access port for measuring line, adequate to determine water level elevation in the well at all times. The permittee shall install and maintain a weir, meter, or other suitable measuring device, and shall keep a complete record of the amount of ground water withdrawn.

Actual construction work shall begin on or before **May 27, 1988**, and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 19 **89**.

Complete application of the water to the proposed use shall be made on or before October 1, 19 **90**.

Witness my hand this **27th** day of **May**, 19 **87**.

WATER RESOURCES DIRECTOR

This permit is for the beneficial use of water. By law, the land use associated with this water use must be in compliance with statewide land-use goals and any local acknowledged land-use plan. It is possible that the land use you propose may not be allowed if it is not in keeping with the goals and the acknowledged plan. Your city or county planning agency can advise you about the land-use plan in your area.
