JACKSON

PERMIT TO APPROPRIATE THE PUBLIC WATERS

This is to certify that I have examined APPLICATION and the following limitations and conditions: G-11808 and do hereby grant the same SUBJECT TO EXISTING RIGHTS

This permit is issued to James C. Miller of 3003 Cove Road, Ashland, Oregon 97520, phone 482-3122, for use of the waters from one well,

for the PURPOSE of general industrial uses associated with quarry operations to include washing of crushed rock, dust abatement for haul roads, and rock crusher, emission control for scrubbers at asphalt plant and production of concrete, that the PRIORITY OF THE RIGHT dates from April 13, 1988,

and is limited to the amount of water which can be applied to beneficial use and shall not exceed 150 gallons per minute,

measured at the point of diversion from the well , or its equivalent in case of rotation with other water users.

The well is to be LOCATED: 630 feet South and 794 feet West feet from the Northeast Corner of the SE 1/4 NE 1/4 of Section 7, being within the SE 1/4 NE 1/4, Section 7, Township 39 South, Range 2 East, WM, in the County of Jackson.

A description of the PLACE OF USE under the permit, and to which such right is appurtenant, is as follows:

                                                       NE 1/4 SW 1/4
NW 1/4 SW 1/4
                                                       SE 1/4 NE 1/4
                                         Section 5
                                                       SE 1/4 SW 1/4
                                                        N 1/2 SE 1/4
                                                       SW 1/4 SE 1/4
SE 1/4 SW 1/4
                                         Section 6
                                         Section 7
                                                        W 1/2 NE 1/4
                                                       SE 1/4 NE 1/4
                                                       NE 1/4 NW 1/4
                                         Section 8
                                                        N 1/2 NW 1/4
                                                       SW 1/4 NW 1/4
```

Use of water under this permit shall be further limited to appropriation of water only to the extent that it does not impair or substantially interfere with prior ground water rights of others, and limited to the appropriation of water only to the extent that such appropriation does not interfere with or deplete the flow of Bear Creek or any tributary thereof; any depletion of surface waters will require the well to be shut down, since use of the waters of Bear Creek and tributaries thereof have been withdrawn from further appropriation except for beneficial uses involving water legally stored in excess of the amount necessary for existing rights.

This permit is issued subject to the maintenance and use of adequate treatment facilities to remove the sediment before returning water to any stream.

The well shall be constructed in accordance with the General Standards for the Construction and Maintenance of Water Wells in Oregon. The works constructed shall include an air line and pressure gauge or an access port for measuring line, adequate to determine water level elevation in the well at all times. The permittee shall install and maintain a weir, meter, or other suitable measuring device, and shall keep a complete record of the amount of ground water withdrawn.

Actual construction work shall begin on or before June 3, 1989 diligence and be completed on or before October 1, 1990 .

Complete application of the water to the proposed use shall be made on or before October 1, 1991.

Witness my hand this 3rd day of June , 1988 .

/s/ WILLIAM H. YOUNG
WATER RESOURCES DIRECTOR

This permit is for the beneficial use of water. By law, the land use associated with this water use must be in compliance with statewide land-use goals and any local acknowledged land-use plan. It is possible that the land use you propose may not be allowed if it is not in keeping with the goals and the acknowledged plan. Your city or county planning agency can advise you about the land-use plan in your area.
