to use the waters of A WELL in the KLAMATH RIVER BASIN for HEATING.

This permit is issued approving Application G-12133. The date of priority is JUNE 1, 1990. The use is limited to not more than 0.56 CUBIC FOOT PER SECOND, or its equivalent in case of rotation, measured at the well.

The well is located as follows:

SW 1/4 NE 1/4, SECTION 33, T 38 S, R 9 E, W.M.; 140 FEET SOUTH AND 210 FEET EAST FROM NW CORNER, SW 1/4 NE 1/4, SECTION 33.

The use of water for heating in excess of 5,000 gallons per day shall be subsequent in priority to future beneficial consumptive use unless a two well system is constructed and all water wated from the system recharged to the same ground reservoir from which it was withdrawn.

The use shall conform to such reasonable rotation system as may be ordered by the proper state officer.

A description of the proposed place of use under the permit is as follows:

SW 1/4 NE 1/4  
SECTION 33  
TOWNSHIP 38 SOUTH, RANGE 9 EAST, W.M.

The water user shall measure ground water level during July of each year and shall submit this information to the Groundwater/Hydrology Section, Water Resources Department on or before September 1 of each year.

The well shall be constructed in accordance with the General Standards for the Construction and Maintenance of Water Wells in Oregon. The works shall be equipped with a usable access port, and may also include an air line and pressure gauge adequate to determine water level elevation in the well at all times. When required by the department, the permittee shall install and maintain a weir, meter, or other suitable measuring device, and shall keep a complete record of the amount of ground water withdrawn.

Prior to receiving a certificate of water right, the permit holder shall submit the results of a pump test meeting the department's standards, to the Water Resources Department. The Director may require water level or pump test results every ten years thereafter.

Actual construction work shall begin on or before February 19, 1992, and shall be completed on or before October 1, 1992. Complete application of the water shall be made on or before October 1, 1993.

Failure to comply with any of the provisions of this permit may result in action including, but not limited to, restrictions on the use, civil penalties, or cancellation of the permit.

This permit is for beneficial use of water without waste. The water user is advised that new regulations may require use of best practical technologies or conservation practices to achieve this end.

By law, the land use associated with this water use must be in compliance with statewide land-use goals and any local acknowledged land-use plan.

The use of water shall be limited when it interferes with any prior surface or ground water rights.

Issued this date, FEBRUARY 19, 1991.
