

STATE OF OREGON
COUNTY OF SHERMAN

PERMIT TO APPROPRIATE THE PUBLIC WATERS

THIS PERMIT IS HEREBY ISSUED TO

CITY OF WASCO
P.O. BOX 26
WASCO, OREGON 97065

503-442-5515

to use the waters of THE CITY AND O'MEARA WELLS in the SPANISH HOLLOW CREEK BASIN for MUNICIPAL USE.

This permit is issued approving Application G-12391. The date of priority is JANUARY 18, 1991. The use is limited to not more than 0.91 CUBIC FOOT PER SECOND, or its equivalent in case of rotation, measured at the well.

The well is located as follows:

NE 1/4 SW 1/4, SECTION 4, SE 1/4 NW 1/4, SECTION 9, TOWNSHIP 1 NORTH, RANGE 17 EAST, W.M.; O'Meara Well - 270 FEET SOUTH AND 470 FEET WEST FROM THE CENTER 1/4 CORNER OF SECTION 4; City Well - 1570 FEET SOUTH AND 2380 FEET EAST FROM THE NE CORNER OF SECTION 9.

The use shall conform to such reasonable rotation system as may be ordered by the proper state officer.

A description of the proposed place of use under this permit is as follows:

S 1/2
SECTION 4
N 1/2
SECTION 9
TOWNSHIP 1 NORTH, RANGE 17 EAST, W.M.

The wells are to be repaired to current well construction standards before using water or as may be ordered by the proper State officer.

The well shall be constructed in accordance with the General Standards for the Construction and Maintenance of Water Wells in Oregon. The works shall be equipped with a usable access port, and may also include an air line and pressure gauge adequate to determine water level elevation in the well at all times.

Within one year of permit issuance, the city shall submit a conservation management plan consistent with Oregon Administrative Rule 690-86.

Measurement, recording and reporting conditions:

- A. Before water use may begin under this permit, the permittee shall install a meter or other suitable measuring device as approved by the Director. The permittee shall maintain the meter or measuring device in good working order.
- B. The permittee shall allow the watermaster access to the meter or measuring device; provided however, where the meter or measuring device is located within a private structure, the watermaster shall request access upon reasonable notice.

- C. The Director may require the permittee to keep and maintain a record of the amount (volume) of water used and may require the permittee to report water use on a periodic schedule as established by the Director.

In addition, the Director may require the permittee to report general water use information, the periods of water use and the place and nature of use of water under the permit. The Director may provide an opportunity for the permittee to submit alternative reporting procedures for review and approval.

Prior to receiving a certificate of water right, the permit holder shall submit the results of a pump test meeting the department's standards, to the Water Resources Department. The Director may require water level or pump test results every ten years thereafter.

Actual construction work shall begin on or before March 14, 1996 and shall be completed on or before October 1, 1997. Complete application of the water shall be made on or before October 1, 1998.

Failure to comply with any of the provisions of this permit may result in action including, but not limited to, restrictions on the use, civil penalties, or cancellation of the permit.

This permit is for beneficial use of water without waste. The water user is advised that new regulations may require use of best practical technologies or conservation practices to achieve this end.

By law, the land use associated with this water use must be in compliance with statewide land-use goals and any local acknowledged land-use plan.

The use of water shall be limited when it interferes with any prior surface or ground water rights.

The Director finds that the proposed use(s) of water described by this permit, as conditioned, would not impair or be detrimental to the public interest.

Issued this date, March 14, 1995.

/s/ MARIHA O. PAGEL
