If the applicant is a corporation, give date and place of incorporation

1. Give name of nearest stream to which the well, tunnel or other source of water development is situated ... (Name of stream)

2. The amount of water which the applicant intends to apply to beneficial use is ... cubic feet per second or ... gallons per minute.

3. The use to which the water is to be applied is Irrigation

4. The well or other source is located ... ft. and ... ft. from the corner of ... (Section or subdivision)

If there is more than one well, each must be described. Use separate sheet if necessary being within the ... of the ... of Sec. 25, Twp. 1, R. W. M. in the county of Multnomah

5. The ... (Kind or pipe line) ... to be ... miles in length, terminating in the ... of Sec. ... Twp. R. W. M., the proposed location being shown throughout on the accompanying map.

6. The name of the well or other works is ...

DESCRIPTION OF WORKS

7. If the flow to be utilized is artesian, the works to be used for the control and conservation of the supply when not in use must be described.

8. The development will consist of ... (Give number of wells, tunnels, etc.) having a diameter of ... inches and an estimated depth of ... feet. It is estimated that ... feet of the well will require Concrete casing. Depth to water table is estimated ...

CANAL SYSTEM OR PIPE LINE -

9. (a) Give dimensions at each point of canal where materially changed in size, stating miles from headgate. At headgate: width on top (at water line) feet; width on bottom feet; depth of water feet; grade feet fall per one thousand feet.

(b) At miles from headgate: width on top (at water line) feet; width on bottom feet; depth of water feet; grade feet fall per one thousand feet.

(c) Length of pipe, 1240 ft.; size at intake, 4 in.; in size at from intake in.; size at place of use in.; difference in elevation between intake and place of use, ft. Is grade uniform? Estimated capacity, sec. ft. used with sprinkler system

10. If pumps are to be used, give size and type 2" discharge -- 3" intake - Pacific

Give horsepower and type of motor or engine to be used 2500 Pacific

11. If the location of the well, tunnel, or other development work is less than one-fourth mile from a natural stream or stream channel, give the distance to the nearest point on each of such channels and the difference in elevation between the stream bed and the ground surface at the source of development

12. Location of area to be irrigated, or place of use

Table with 5 columns: Township N or S, Range E or W of Willamette Meridian, Section, Forty-acre Tract, Number Acres To Be Irrigated. Includes handwritten entries: 31 E, 16, 50, 1.

(If more space required, attach separate sheet)

Character of soil Volcanic ash
Kind of crops raised hests, pasture, small grains etc.

MUNICIPAL SUPPLY—

13. To supply the city of _____
in _____ county, having a present population of _____
and an estimated population of _____ in 19_____

14. Estimated cost of proposed works, \$.....2500.00.....

15. Construction work will begin on or before _____ Already completed: _____

16. Construction work will be completed on or before _____ Already completed: _____

17. The water will be completely applied to the proposed use on or before _____ already a. line _____

18. If the ground water supply is supplemental to an existing water supply, identify any appli-
cation for permit, permit, certificate or adjudicated right to appropriate water, made or hel' by the
applicant. _____

Murrel A. Oliver
(Signature of applicant)

Remarks: The water is pumped from this well and is used in connection
with a sprinkling system. Twenty eight 6 gal/heads necessary for complet
irrigation beet crop and pasture.

STATE OF OREGON, }
County of Marion, } ss.

This is to certify that I have examined the foregoing application, together with the accompanying
maps and data and return the same for _____

In order to retain its priority, this application must be returned to the State Engineer, with correc-
tions on or before _____, 19_____

WITNESS my hand this _____ day of _____, 19_____

STATE ENGINEER

County of Marion.

ss.

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.39 cubic feet per second measured at the point of diversion from the well or source of appropriation, or its equivalent in case of rotation with other water users, from

The use to which this water is to be applied is Irrigation and supplemental irrigation

If for irrigation, this appropriation shall be limited to 1/20th of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 1 acre feet per acre for each acre irrigated during the irrigation season of each year; provided further that the amount of water allowed herein, together with the amount secured under any other right existing for the same lands shall not exceed the limitation allowed herein,

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The well shall be cased as necessary in accordance with good practice and if the flow is artesian the works shall include proper capping and control valve to prevent the waste of ground water.

The works constructed shall include an air line and pressure gauge or an access port for measuring line, adequate to determine water level elevation in the well at all times.

The permittee shall install and maintain a weir, meter, or other suitable measuring device, and shall keep a complete record of the amount of ground water withdrawn.

The priority date of this permit is

February 27, 1951

Actual construction work shall begin on or before

March 25, 1951

and shall

thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1951

Complete application of the water to the proposed use shall be made on or before October 1, 1951

WITNESS my hand this

27th

day of

1951
