

Permit No. G- 151

APPLICATION FOR A PERMIT

To appropriate the Ground Waters of the State of Oregon

1. Charles D Summers (Name of applicant) of 1725 State St Salem, county of Marion state of Oregon, do hereby make application for a permit to appropriate the following described ground waters of the state of Oregon, SUBJECT TO EXISTING RIGHTS.

If the applicant is a corporation, give date and place of incorporation

1. Give name of nearest stream to which the well, tunnel or other source of water development is situated Labish Drainage Canal (Name of stream)

tributary of Little Pudding River

2. The amount of water which the applicant intends to apply to beneficial use is 38 cubic feet per second or gallons per minute.

3. The use to which the water is to be applied is for Irrigation

4. The well or other source is located 506 ft. S and 165 ft. W from the Common corner of Sections 16-15-21-22 of Township 6, S, Range 2, W of W.M. Marion County Oregon (Section or subdivision) (If preferable, give distance and bearing to section corner)

If there is more than one well, each must be described. Use separate sheet if necessary. being within the NE 1/4 of NE 1/4 of Sec. 21, Twp. 6, R. 2 W.M. of the county of Marion

5. The Canal or pipeline to be drilled is located north, terminating in the of Sec. Twp. W.M. the proposed location being shown throughout on the accompanying map.

6. The name of the well or other works is

DESCRIPTION OF WORKS

7. If the water to be utilized is artesian, the works to be used for the control and conservation of the supply when not in use must be described.

8. The development will consist of 1 Well having a diameter of 8 inches and an estimated depth of 80 feet. It is estimated that 60 feet of the well will require Standard casing. Depth to water table is estimated 40 feet.

CANAL SYSTEM OR PIPE LINE—

9. (a) Give dimensions at each point of canal where materially changed in size, stating miles from headgate. At headgate: width on top (at water line) feet; width on bottom

feet; depth of water feet; grade feet fall per one thousand feet

(b) At miles from headgate: width on top (at water line)

feet; width on bottom feet; depth of water feet; grade feet fall per one thousand feet.

(c) Length of pipe. ft.; size at intake. in.; in size at ft

from intake in.; size at place of use in.; difference in elevation between

intake and place of use. ft. Is grade uniform? Estimated capacity. sec. ft.

10. If pumps are to be used, give size and type

6" Submersible.

Give horsepower and type of motor or engine to be used

15 HP Elec. + 15 HP Gas. Standby.

11. If the location of the well, tunnel, or other development work is less than one-fourth mile from a natural stream or stream channel, give the distance to the nearest point on each of such channel, and the difference in elevation between the stream bed and the ground surface at the source of development

12. Location of area to be irrigated, or place of use

Township N or S	Range E or W of Willamette Meridian	Section	Forty-acre Tract	Number Acres To Be Irrigated
6 S	2 W	16	SE 1/4 SE 1/4	20
		21	NE 1/4 - NE 1/4	164
		22	NW 1/4 - NW 1/4	112

(If more space required, attach separate sheet)

Character of soil

loamy

Kind of crops raised

Beans, Corn, Beans etc

MUNICIPAL SUPPLY—

13. To supply the city of

in _____ county, having a present population of

and an estimated population of _____ in 19 _____

14. Estimated cost of proposed works, \$ 1500

15. Construction work will begin on or before June 1, 1956

16. Construction work will be completed on or before May 30, 1957

17. The water will be completely applied to the proposed use on or before July 4, 1959

18. If the ground water supply is supplemental to an existing water supply, identify any application for permit, permit, certificate or adjudicated right to appropriate water, made or held by the applicant.

Charles W. Summers
(Signature of applicant)

Remarks:

This system should be simplified so that the average citizen could be spared the considerable expense of time & money. The present routing is due to cause considerable unfavorable reaction.

STATE OF OREGON, |
County of Marion. | ss.

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for

In order to retain its priority, this application must be returned to the State Engineer, with corrections on or before _____, 19 _____

WITNESS my hand this _____ day of _____, 19 _____

County of Marion.

ss.

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.37 cubic feet per second measured at the point of diversion from the well or source of appropriation, or its equivalent in case of rotation with other water users, from a well

The use to which this water is to be applied is Irrigation.

If for irrigation, this appropriation shall be limited to 1/80 of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 2 1/2 acre feet per acre for each acre irrigated during the irrigation season of each year:

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The well shall be cased as necessary in accordance with good practice and if the flow is artesian the works shall include proper capping and control valve to prevent the waste of ground water.

The works constructed shall include an air line and pressure gauge or an access port for measuring line, adequate to determine water level elevation in the well at all times.

The permittee shall install and maintain a weir, meter, or other suitable measuring device, and shall keep a complete record of the amount of ground water withdrawn

The priority date of this permit is February 29, 1956

Actual construction work shall begin on or before March 20, 1957 and shall

thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1957

Complete application of the water to the proposed use shall be made on or before October 1, 1956

WITNESS my hand this 20th day of March, 1956
