

APPLICATION FOR A PERMIT

To appropriate the Ground Waters of the State of Oregon

I, Lester C. Kline, of Rt. 2, Box 199, Astoria, county of Marion, state of Oregon, do hereby make application for a permit to appropriate the following described ground waters of the state of Oregon, SUBJECT TO EXISTING RIGHTS:

If the applicant is a corporation, give date and place of incorporation

1. Give name of nearest stream to which the well, tunnel or other source of water development is situated 1/2 mi E Mill Creek tributary of Pulling River

2. The amount of water which the applicant intends to apply to beneficial use is cubic feet per second or 2.5 gallons per minute.

3. The use to which the water is to be applied is Irrigation pasture & cannery crops - tomatoes

4. The well or other source is located 50 ft N and 198 ft W from the S.E. corner of Section 11, 784.80 FT S OF 1/4 SEC CORNER BETWEEN SEC 2 & 11, 198 FT West

being within the 11th 1/4 of Sec. 11, Twp. 45, R. 1 W. M., in the county of Marion

5. The Canal or pipe line to be miles in length, terminating in the of Sec. Twp. R. W. M., the proposed location being shown throughout on the accompanying map.

6. The name of the well or other works is

DESCRIPTION OF WORKS

7. If the flow to be utilized is artesian, the works to be used for the control and conservation of the supply when not in use must be described.

8. The development will consist of 211 having a diameter of 6 inches and an estimated depth of 170 feet. It is estimated that 210 feet of the well will require steel casing. Depth to water table is estimated 118

County of Marion

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.06 cubic feet per second measured at the point of diversion from the well or source of appropriation, or its equivalent in case of rotation with other water users, from a well

The use to which this water is to be applied is irrigation

If for irrigation, this appropriation shall be limited to 1/80th of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 2 1/2 acre feet per acre for each acre irrigated during the irrigation season of each year;

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The well shall be cased as necessary in accordance with good practice and if the flow is artesian the works shall include proper capping and control valve to prevent the waste of ground water.

The works constructed shall include an air line and pressure gauge or an access port for measuring line, adequate to determine water level elevation in the well at all times.

The permittee shall install and maintain a weir, meter, or other suitable measuring device, and shall keep a complete record of the amount of ground water withdrawn.

The priority date of this permit is March 1, 1960

Actual construction work shall begin on or before April 11, 1961 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1961

Complete application of the water to the proposed use shall be made on or before October 1, 1961

WITNESS my hand this 11th day of April 1960
