

STATE OF OREGON

COUNTY OF JACKSON

PERMIT TO APPROPRIATE THE PUBLIC WATERS

THIS PERMIT IS HEREBY ISSUED TO

BRANDON TAAFFE
1310 GREGORY LLC
1310 E GREGORY RD
CENTRAL POINT OR 97502

This permit expires on October 31, 2022, or when the Governor’s April 7, 2022 declaration of drought emergency for Jackson County is terminated, whichever comes first.

The permittee assumes all liability associated with use of water under the permit in the event claims of injury or claims for compensation are filed.

If injury to existing rights or detriment to the public interest is observed, the Department may regulate water use under this permit to mitigate such injury or detriment, or cancel this permit if mitigation is not possible.

Use of water is subject to prior water right permits, certificates and scenic waterway flows.

The specific limits and conditions of the use are listed below.

APPLICATION FILE NUMBER: G-19292

SOURCE OF WATER: WELL 1 (JACK 64974) IN ROGUE RIVER BASIN

PURPOSE OR USE: SUPPLEMENTAL IRRIGATION OF 6.0 ACRES

MAXIMUM RATE: 0.05 CUBIC FOOT PER SECOND, FURTHER LIMITED TO 2.0 ACRE-FEET FOR THE IRRIGATION SEASON

PERIOD OF USE: JUNE 1 THROUGH OCTOBER 31

DATE OF PRIORITY: MAY 4, 2022

AUTHORIZED POINT OF APPROPRIATION:

Twp	Rng	Mer	Sec	Q-Q	Measured Distances
36 S	1 W	WM	30	SW NE	1470 FEET SOUTH AND 2430 FEET WEST FROM NE CORNER, SECTION 30

This right is limited to any deficiency in the available supply of any prior right existing for the same land.

The use shall conform to such reasonable rotation system as may be ordered by the proper state officer.

The amount of groundwater used for irrigation under this right, together with the amount secured under any other right existing for the same lands, is limited to a diversion of ONE-EIGHTIETH of one cubic foot per second per acre. The amount of groundwater under this right is further limited to 2.5 acre-feet for each acre irrigated during the irrigation season of each year.

AUTHORIZED PLACE OF USE:

Twp	Rng	Mer	Sec	Q-Q	Acres
36 S	1 W	WM	30	NW NE	4.0
36 S	1 W	WM	30	SW NE	2.0

1. Water Use Measurement, Recording and Reporting Conditions:

- A. Before water use may begin under this permit, the permittee shall install a totalizing flow meter at each point of appropriation. The permittee shall maintain the meter in good working order.
- B. The permittee shall keep a complete record of the amount of water used each month, and shall submit a report which includes the recorded water use measurements to the Department by **December 31, 2022**. Further, the Director may require the permittee to report general water-use information, including the place and nature of use of water under the permit.
- C. The permittee shall allow the watermaster access to the meter; provided however, where any meter is located within a private structure, the watermaster shall request access upon reasonable notice.
- D. The Director may provide an opportunity for the permittee to submit alternative measuring and reporting procedures for review and approval.

2. Water-Level Measurement Access Condition:

The permittee shall allow Department staff, upon reasonable notice, to access the permitted well(s) during the period of use to take static water level measurements to monitor the impact of use on the resource. To ensure accurate measurements, the permittee may be required to stop use of the well for up to 24 hours before a water level measurement.

3. Well Identification Tag Condition:

Within one month from the start of use of water from any well listed on this permit, the permittee shall ensure that the well has been assigned an OWRD Well Identification Number (Well ID tag), which shall be permanently attached to the well. The Well ID shall be used as a reference in any correspondence regarding the well, including any reports of water use, water level, or pump test data.

STANDARD CONDITIONS

1. Failure to comply with any of the provisions of this permit may result in action including, but not limited to, restrictions on the use, civil penalties, or cancellation of the permit.
2. If the number, location, source, or construction of any well deviates from that proposed in the permit application or required by permit conditions, this permit may be subject to cancellation, unless the Department authorizes the change in writing.
3. If substantial interference with a senior water right occurs due to withdrawal of water from any well listed on this permit, then use of water from the well(s) shall be discontinued or reduced and/or the schedule of withdrawal shall be regulated until or unless the Department approves or implements an alternative administrative action to mitigate the interference. The Department encourages junior and senior appropriators to jointly develop plans to mitigate interferences.
4. The well(s) shall be constructed in accordance with the General Standards for the Construction and Maintenance of Water Wells in Oregon. The works shall be equipped with a usable access port.
5. This permit is for the beneficial use of water without waste. The water user is advised that new regulations may require the use of best practical technologies or conservation practices to achieve this end.
6. By law, the land use associated with this water use must be in compliance with statewide land-use goals and any local acknowledged land-use plan.

Issued JUN 03 2022

Katherine Ratcliffe

Katherine Ratcliffe
Water Right Section Manager, for
Thomas M. Byler, Director
Oregon Water Resources Department

Issuance of this permit does not confirm the validity of any underlying right or claim.
