This is to certify that I have examined the foregoing application and do hereby grant the same SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to the land and shall not exceed 1.0 cubic feet per second measured at the point of diversion from the well or source of appropriation, or its equivalent in case of rotation with other water users, from a well.

The use to which this water is to be applied is irrigation and supplemental irrigation.

If for irrigation, this appropriation shall be limited to 1 1/2 ft of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a depth and not to exceed 2 acre feet per acre for each acre irrigated during the irrigation season of each year. And the right allowed hereunder for the appropriation of water for lands having a valid prior right shall be limited to the amount necessary to make up any deficiency in water available to said lands under said prior right and the amount allowed herein, together with the amount secured under any other right existing for said lands, shall be limited by the duty of water as fixed herein.

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The well shall be cased as necessary in accordance with good practice and if the flow is artesian the works shall include proper capping and control valve to prevent the waste of ground water.

The works constructed shall include an air line and pressure gauge or an access port for measuring and adequate to determine water level elevation in the well at all times.

The permittee shall install and maintain a flow meter or other suitable measuring device and shall keep a complete record of the amount of use of water and diversion.

The expiry date of this permit is March 11, 1962

Actual construction shall be completed before March 1, 1962 and shall

thereafter be maintained in good repair and shall be completed on or before October 1, 1962

Cost of application and this permit shall be made in full by check payable to the State of Oregon
