

Permit No. G-2096

APPLICATION FOR A PERMIT

To Appropriate the Ground Waters of the State of Oregon

I, Thomas J. Harper (Name of applicant) of Route 2 Junction City, county of Lane state of Oregon, do hereby make application for a permit to appropriate the following described ground waters of the state of Oregon, SUBJECT TO EXISTING RIGHTS:

If the applicant is a corporation, give date and place of incorporation

1. Give name of nearest stream to which the well, tunnel or other source of water development is situated Willamette River (Name of stream) tributary of ...

2. The amount of water which the applicant intends to apply to beneficial use is ... cubic feet per second or ... gallons per minute.

3. The use to which the water is to be applied is irrigation.

4. The well or other source is located 50 ft. South and 730 ft. East from the corner of ... (Section or subdivision) (If preferable, give distance and bearing to section corner)

If there is more than one well, each must be described. Use separate sheet if necessary) being within the NE 1/4 Sec. 1 of Sec. 1 Twp. R. S. R. W. M., in the county of Lane

5. The ... (Canal or pipe line) to be ... miles in length, terminating in the ... of Sec. 1 Twp.

R. W. M., the proposed location being shown throughout on the accompanying map.

6. The name of the well or other works is ...

DESCRIPTION OF WORKS

7. If the flow to be utilized is artesian, the works to be used for the control and conservation of the supply when not in use must be described.

8. The development will consist of ... having a diameter of ... inches and an estimated depth of ... feet. It is estimated that ... feet of the well will require ... casing. Depth to water table is estimated ...

CANAL SYSTEM OR PIPE LINE

9. (a) Give dimensions at each point of canal where materially changed in size, stating miles from headgate. At headgate, width on top (at water line) _____ feet, width on bottom _____

_____ feet, depth of water _____ feet; grade _____ feet fall per one thousand feet.

(b) At _____ miles from headgate, width on top (at water line) _____ feet; width on bottom _____ feet; depth of water _____ feet;

grade _____ feet fall per one thousand feet.

(c) Length of pipe, _____ ft.; size at intake, _____ in.; size at _____ from intake _____ in.; size at place of use _____ in.; difference of elevation between intake and place of use, _____ ft. Is grade uniform? _____ Estimated capacity _____ sec. ft.

10. If pumps are to be used, give size and type _____

(1) Give horsepower and type of motor or engine to be used _____

11. If the location of the well, tunnel, or other development work is less than one-fourth mile from a canal, stream, or stream channel, give the distance to the nearest point on each of such channels, and difference in elevation between the stream bed and the ground surface at the source of development

12. Location of area to be irrigated, or place of use

Name of the landowner _____ Section _____ Township _____ Range _____

Table with 5 columns: Name of the landowner, Section, Township, Range, and Number Acres. The table contains several rows of data, mostly blank, representing different land parcels.

If more space is needed, attach separate sheets.

Character of soil _____ Kind of crop proposed _____

MUNICIPAL SUPPLY—

13. To supply the city of
in county, having a present population of
and an estimated population of in 19

14. Estimated cost of proposed works, \$ 2 1000

15. Construction work will begin on or before Aug. 1, 1961

16. Construction work will be completed on or before Aug. 3, 1961

17. The water will be completely applied to the proposed use on or before Aug. 1, 1961

18. If the ground water supply is supplemental to an existing water supply, identify any application for permit, permit, certificate or adjudicated right to appropriate water, made or held by the applicant.

Thomas J. Harper
(Signature of applicant)

Remarks: As stated in the application ~~water~~ the project has been completed
and water applied, and water will be continued to be applied during 1962
and ~~the~~ following years.

STATE OF OREGON, }
County of Marion, } ss.

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for completion

In order to retain its priority, this application must be returned to the State Engineer, with corrections on or before March 16, 19 62

WITNESS my hand this 15th day of February, 1962

LEWIS A. STANLEY
STATE ENGINEER

By *Walter N. Perry*
Walter N. Perry, Assistant

County of Marion.

ss.

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.43 cubic feet per second measured at the point of diversion from the well or source of appropriation, or its equivalent in case of rotation with other water users, from a well

The use to which this water is to be applied is irrigation

If for irrigation, this appropriation shall be limited to 180th of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 1/80 acre feet per acre for each acre irrigated during the irrigation season of each year;

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The well shall be cased as necessary in accordance with good practice and if the flow is artesian the works shall include proper capping and control valve to prevent the waste of ground water.

The works constructed shall include an air line and pressure gauge or an access port for measuring line, adequate to determine water level elevation in the well at all times.

The permittee shall install and maintain a weir, meter, or other suitable measuring device, and shall keep a complete record of the amount of ground water withdrawn.

The priority date of this permit is May 8, 1962 Actual construction work shall begin on or before June 15, 1962 and shall thereafter be proceeded with reasonable diligence and be completed on or before October 1, 1962

Complete application of the water to the proposed use shall be made on or before October 1, 1962

WITNESS my hand this 15 day of June 1962 STATE ENGINEER
