Permit No. G-2268

APPLICATION FOR A PERMIT

To Appropriate the Ground Waters of the State of Oregon

I, George E. Preston
(Name of applicant)
of Route 3, Box 38, Milton-Freewater, county of Umatilla
(Postoffice Address)
state of Oregon, do hereby make application for a permit to appropriate the following described ground waters of the state of Oregon, SUBJECT TO EXISTING RIGHTS:

If the applicant is a corporation, give date and place of incorporation

Not a corporation

1. Give name of nearest stream to which the well, tunnel or other source of water development is situated East Mud Creek
(Name of stream)

tributary of Pine Creek

2. The amount of water which the applicant intends to apply to beneficial use is _____ cubic feet per second or 600 gallons per minute.

3. The use to which the water is to be applied is Irrigation

4. The well or other source is located 1910 ft. North and 2915 ft. East from the S.W. corner of Section 28
(N. or S.) (E. or W.) (Section or subdivision)

(If preferable, give distance and bearing to section corner)

(If there is more than one well, each must be described. Use separate sheet if necessary)

being within the NW 1/4 SE 1/4 of Sec. 28, Twp. 6 N, R. 35 E, W. M., in the county of Umatilla

5. The _____ to be _____ miles
(Canal or pipe line)
in length, terminating in the _____ of Sec. _____, Twp. _____
(Smallest legal subdivision)

R. _____, W. M., the proposed location being shown throughout on the accompanying map.

6. The name of the well or other works is no name

DESCRIPTION OF WORKS

7. If the flow to be utilized is artesian, the works to be used for the control and conservation of the supply when not in use must be described.

Not artesian

8. The development will consist of One having a
(Give number of wells, tunnels, etc.)
diameter of 21 inches and an estimated depth of 35 feet. It is estimated that 35
feet of the well will require concrete - 21 ft. casing. Depth to water table is estimated 8 feet.
(Kind) (Feet)
as of October 14, 1961

CANAL SYSTEM OR PIPE LINE—

9. (a) Give dimensions at each point of canal where materially changed in size, stating miles from headgate. At headgate: width on top (at water line) feet; width on bottom feet; depth of water feet; grade feet fall per one thousand feet.

(b) At miles from headgate: width on top (at water line) feet; width on bottom feet; depth of water feet; grade feet fall per one thousand feet.

(c) Length of pipe, ft.; size at intake, 4 in.; in size at 1000 ft. from intake 3 in.; size at place of use 3 in.; difference in elevation between intake and place of use, 6 ft. Is grade uniform? yes. Estimated capacity, sec. ft.

10. If pumps are to be used, give size and type Centrifugal

Give horsepower and type of motor or engine to be used 10 H.P. Electric Motor

11. If the location of the well, tunnel, or other development work is less than one-fourth mile from a natural stream or stream channel, give the distance to the nearest point on each of such channels and the difference in elevation between the stream bed and the ground surface at the source of development

Approximately one-fourth mile West of Mud Creek

Six feet higher than Creek

12. Location of area to be irrigated, or place of use

Table with 5 columns: Township N or S, Range E. or W. of Willamette Meridian, Section, Forty-acre Tract, Number Acres To Be Irrigated. Handwritten entry: Township 6 N, Range 35 E, Section 28, Forty-acre Tract (S.W. of N.E. 1/4, N.W. of S.E. 1/4), Number Acres 20 } 40.

(If more space required, attach separate sheet)

Character of soil Stanfield - very fine, sandy loam

Kind of crops raised Alfalfa, Pasture, Grain

MUNICIPAL SUPPLY—

13. To supply the city of not city
in _____ county, having a present population of _____
and an estimated population of _____ in 19_____

ANSWER QUESTIONS 14, 15, 16, 17 AND 18 IN ALL CASES

- 14. Estimated cost of proposed works, \$ 1,950
- 15. Construction work will begin on or before October 7, 1961
- 16. Construction work will be completed on or before May 1, 1962
- 17. The water will be completely applied to the proposed use on or before _____

18. If the ground water supply is supplemental to an existing water supply, identify any application for permit, permit, certificate or adjudicated right to appropriate water, made or held by the applicant. Supplemental to right from Hudson Bay Ditch Company

Geo Preston
(Signature of applicant)

Remarks: _____

STATE OF OREGON, }
County of Marion, } ss.

PERMIT

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.50 cubic feet per second measured at the point of diversion from the well or source of appropriation, or its equivalent in case of rotation with other water users, from a well

The use to which this water is to be applied is supplemental irrigation

If for irrigation, this appropriation shall be limited to 1/800 of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 3 acre feet per acre for each acre irrigated during the irrigation season of each year; provided further that the right allowed herein shall be limited to any deficiency in the available supply of any prior right existing for the same land and shall not exceed the limitation allowed herein,

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The well shall be cased as necessary in accordance with good practice and if the flow is artesian the works shall include proper capping and control valve to prevent the waste of ground water.

The works constructed shall include an air line and pressure gauge or an access port for measuring line, adequate to determine water level elevation in the well at all times.

The permittee shall install and maintain a weir, meter, or other suitable measuring device, and shall keep a complete record of the amount of ground water withdrawn.

The priority date of this permit is September 20, 1962

Actual construction work shall begin on or before January 24, 1964 and shall

thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1964

Complete application of the water to the proposed use shall be made on or before October 1, 1965

WITNESS my hand this 24th day of January, 1963

Chris L. Wheeler
