2. The amount of water which the applicant intends to apply to beneficial use is 4 cubic feet per second or ~~XXXXXXXXXXXXXXXXXXXX~~ for the use of 4 acres.

3. The use to which the water is to be applied is Irrigation

4. The well or other source is located 410 ft. and ft. west from ~~xxxxx~~ of N.W. corner of Block 6 of Hanna's addition to the City of Union, Oregon, thence (Section or subdivision) said Block 6 is 425 feet south of NE corner South 255 feet to proposed well of SE₄ NE₄ of Sec. 24, Twp. 4 S. R. 39 E
(If preferable, give distance and bearing to section corner)

If there is more than one well, each must be described. Use separate sheet if necessary.

Location of the SE₄ NE₄ of Sec. 24, Twp. 4 S. R. 39 E.
W. M. of the City of Union

The pipeline to be 440 feet ~~xxxxx~~
Location of the SE₄ NE₄ of Sec. 24, Twp. 4 S.
E. 39 E. W. M. the proposed location being shown throughout on the accompanying map.

The proposed well or other works is

DESCRIPTION OF WORKS

If the water to be utilized is artesian, the works to be used for the control and conservation of the flow must be described.

Not applicable

The proposed well will consist of one well dug having a

diameter of 48 inches and an estimated depth of 20 feet. It is estimated that

the proposed well will require 2 1/2" well casing. Depth to water table is estimated 5

MONTANA SUPPLY

13. ~~XXXXXX~~

in _____ county, having a present population of _____

and an estimated population of _____ in 19 _____

14. Estimated cost of proposed works, \$ 1,000.00

15. Construction work will begin on or before Already begun

16. Construction work will be completed on or before 2 years

17. The water will be completely applied to the proposed use on or before 2 years

18. If the ground water supply is supplemental to an existing water supply, identify any application for permit, permit, certificate or adjudicated right to appropriate water, made or held by the applicant.

Lloyd Deppert
(Signature of applicant)

Remarks:

Well water has been used on this property since about 1870.

Used for irrigation and being filled up. Grande Ronde Decree under name of A. J. Goodbroad shows this land irrigated from Catherine Creek. Ditch goes through the City of Union and is too expensive to maintain.

STATE OF OREGON,)
) ss.
County of Marion.)

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for completion

In order to retain its priority, this application must be returned to the State Engineer, with correction, on or before July 25, 19 56

WITNESS my hand this 25th day of May, 19 56.

By LEWIS A. STANLEY

STATE ENGINEER

Chris L. Wheeler, Assistant

GW

STATE OF OREGON,

PERMIT

County of Marion,

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.05 cubic feet per second measured at the point of diversion from the well or source of appropriation, or its equivalent in case of rotation with other water users, from a well

The use to which this water is to be applied is irrigation

If for irrigation, this appropriation shall be limited to 1/80 of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 3 acre feet per acre for each acre irrigated during the irrigation season of each year;

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The well shall be cased as necessary in accordance with good practice and if the flow is artesian the works shall include proper capping and control valve to prevent the waste of ground water.

The works constructed shall include an air line and pressure gauge or an access port for measuring line, adequate to determine water level elevation in the well at all times.

The permittee shall install and maintain a weir, meter, or other suitable measuring device, and shall keep a complete record of the amount of ground water withdrawn.

The priority date of this permit is May 2, 1956

Actual construction work shall begin on or before June 25, 1957 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1957

Complete application of the water to the proposed use shall be made on or before October 1, 1958

WITNESS my hand this 25th day of June 1956
