STATE ENGINEER
SALEM, OREGON

Permit No. G-2410
APPLICATION FOR A PERMIT

To Appropriate the Ground Waters of the State of Oregon

I, City of Pendleton
(Name of applicant)

of Box 190 Pendleton, county of Umatilla
(Postoffice Address)

state of Oregon, do hereby make application for a permit to appropriate the following described ground waters of the state of Oregon, **SUBJECT TO EXISTING RIGHTS:**

If the applicant is a corporation, give date and place of incorporation

Incorporated by Act of the Legislation Assembly of the State of Oregon, approved October 25, 1880.

1. Give name of nearest stream to which the well, tunnel or other source of water development is situated Umatilla River and Tutuilla Creek
(Name of stream)

tributary of Columbia and Umatilla River

2. The amount of water which the applicant intends to apply to beneficial use is 6.7 cubic feet per second or 3000 gallons per minute, for each well

3. The use to which the water is to be applied is Municipal Water Supply

4. The well or other source is located ft. and ft. from the corner of
(N. or S.) (E. or W.) (Section or subdivision)

(If preferable, give distance and bearing to section corner)

(If there is more than one well, each must be described. Use separate sheet if necessary)

being within the of Sec., Twp., R., W. M., in the county of

5. The to be miles
(Canal or pipe line)
in length, terminating in the of Sec., Twp.,
(Smallest legal subdivision)

R., W. M., the proposed location being shown throughout on the accompanying map.

6. The name of the well or other works is

DESCRIPTION OF WORKS

7. If the flow to be utilized is artesian, the works to be used for the control and conservation of the supply when not in use must be described.

8. The development will consist of Four wells, each having a
(Give number of wells, tunnels, etc.)
diameter of 30 inches and an estimated depth of 1000 feet. It is estimated that 200
feet of ~~the~~ well will require steel casing. Depth to water table is estimated 175.
(Kind) (Feet)
(The above estimates apply to all four wells.)

See Attached Sheet

CANAL, TUNNEL, PIPE, OR TYPE LINE

9. (a) Give dimensions at each point of canal where materially changed in size, stating miles from headgate. At headgate: width on top (at water line) feet; width on bottom feet; depth of water feet; grade feet fall per one thousand feet.

(b) At miles from headgate: width on top (at water line) feet; width on bottom feet; depth of water feet; grade feet fall per one thousand feet.

(c) Length of pipe, ft.; size at intake, in.; in size at ft. from intake in.; size at place of use in.; difference in elevation between intake and place of use, ft. Is grade uniform? Estimated capacity, sec. ft.

10. If pumps are to be used, give size and type

Give horsepower and type of motor or engine to be used

11. If the location of the well, tunnel, or other development work is less than one-fourth mile from a natural stream or stream channel, give the distance to the nearest point on each of such channels and the difference in elevation between the stream bed and the ground surface at the source of development

12. Location of area to be irrigated, or place of use

Township N. or S.	Range E. or W. of Willamette Meridian	Section	Forty-acre Tract	Number Acres To Be Irrigated
	The Corporate city limits of the City of Pendleton			
			(See attached sheet)	

(If more space required, attach separate sheet)

Character of soil

Kind of crops raised

ITEM 4 to 6

WELL No. 6 (Tutuilla Well) located 820 feet South and 2,240 feet West from the N.E. corner of Section 15, T2N R32E, W.M. within the NW 1/4 of NE 1/4 of Section 15, T 2N, R32E.

WELL No. 7 (Crispin Well) located 180 feet North and 2200 feet East from the S. W. corner of Section 6, T2N, R 33E, being within SE 1/4 of SW 1/4 of Section 6, T 2N, R33E.

WELL No. 8 (McCormack Well) located 1500 feet North and 48 feet West from the SE corner of Section 11, T 2N R32E, W.M. being within NE 1/4 of SE 1/4 of Section 11, T2N, R32E.

Well No. 9. (South Hill Well) located 600 feet North and 1,900 feet East from the SW corner of Section 11, T2N R32E, W.M. being within the SE 1/4 of S.W. 1/4 of Section 11, T2N, R32E.

Remarks:

STATE OF OREGON, }
County of Marion, } ss.

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for

In order to retain its priority, this application must be returned to the State Engineer, with corrections on or before, 19

WITNESS my hand this day of, 19

STATE ENGINEER

By ASSISTANT

County of Marion,

ss.

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 20.0 cubic feet per second measured at the point of diversion from the well or source of appropriation, or its equivalent in case of rotation with other water users, from wells Nos. 6, 7, 8 and 9

The use to which this water is to be applied is municipal

If for irrigation, this appropriation shall be limited to - - of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed acre feet per acre for each acre irrigated during the irrigation season of each year;

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The well shall be cased as necessary in accordance with good practice and if the flow is artesian the works shall include proper capping and control valve to prevent the waste of ground water.

The works constructed shall include an air line and pressure gauge or an access port for measuring line, adequate to determine water level elevation in the well at all times.

The permittee shall install and maintain a weir, meter, or other suitable measuring device, and shall keep a complete record of the amount of ground water withdrawn.

The priority date of this permit is October 10, 1962

Actual construction work shall begin on or before July 18, 1964 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1964

Complete application of the water to the proposed use shall be made on or before October 1, 1965

WITNESS my hand this 18th day of July, 1963

Chris L. Wheeler
