following described ground waters of the state of Oregon, **SUBJECT TO EXISTING RIGHTS:**

If the applicant is a corporation, give date and place of incorporation

Salem, Oregon March 9, 1956

1. Give name of nearest stream to which the well, tunnel or other source of water development is
situated Willamette
(Name of stream)

tributary of

2. The amount of water which the applicant intends to apply to beneficial use is 150 cubic
feet per second or 150 gallons per minute.

3. The use to which the water is to be applied is Irrigation- Supplemental

4. The well or other source is located 4.0 chft. East and 6.3 chft. North from the SE
corner of Lot #2 in John's Hill Fruit Tracts
(Section or subdivision)

(If reference is given distance and bearing to section corner)

(If the well or other source is located on a separate sheet, use separate sheet if necessary)

Section 4 of the SE 4 of Sec. 15, Twp. 8S, R. 3W
Marion

The pipe line to be 1800 feet miles
from the well to the lot #2 of Sec. 15, Twp. 8S

(If the well or other source is located on a separate sheet, use separate sheet if necessary)

5. The name of the well or other works is John B. Woods & Son Forest Nursery

DESCRIPTION OF WORKS

If the well or other source is artesian, the works to be used for the control and conservation of the
water must be described.

6. The development will consist of one well having a
(Give number of wells, tunnels, etc.)
diameter of 12 inches and an estimated depth of 150 feet. It is estimated that
the well will require 12 casing. Depth to water table is estimated 100
(Kind) Feet

CANAL SYSTEM OR PIPE LINE—

9. (a) Give dimensions at each point of canal where materially changed in size, stating miles from headgate. At headgate: width on top (at water line) feet; width on bottom feet; depth of water feet; grade feet fall per one thousand feet.

(b) At miles from headgate: width on top (at water line) feet; width on bottom feet; depth of water feet; grade feet fall per one thousand feet.

(c) Length of pipe, 1800 ft.; size at intake, 4 in.; in size at ft. from intake in.; size at place of use 4 in.; difference in elevation between intake and place of use, 150 ft. Is grade uniform? Yes. Estimated capacity, 150 gpm sec. ft.

10. If pumps are to be used, give size and type 15 HP Electric Turbine

Give horsepower and type of motor or engine to be used 3 Ph. 15 HP

11. If the location of the well, tunnel, or other development work is less than one-fourth mile from a natural stream or stream channel, give the distance to the nearest point on each of such channels and the difference in elevation between the stream bed and the ground surface at the source of development

12. Location of area to be irrigated, or place of use

Section	Range E. or W. of W. or E. Meridian	Section	Forty-acre Tract	Number Acres To Be Irrigated
15	SW	15	Se ₄ Sw ₄	4.0
			Sw ₄ Se ₄	5.7
			Ne ₄ Sw ₄	2.8
			Nw ₄ Se ₄	2.5
				15.0

being lots #1 and #2 of Lon's Hill Fruit Tracts

(If more space required, attach separate sheet)

Character of soil Red Hill Clay

Kind of crops raised Forest Tree Seedlings

MUNICIPAL SUPPLY—

13. To supply the city of
 in county, having a present population of
 and an estimated population of in 19.....

14. Estimated cost of proposed works, \$ 6500.00.....

15. Construction work will begin on or before On issuance of permit.....

16. Construction work will be completed on or before August 1, 1956.....

17. The water will be completely applied to the proposed use on or before ~~Immediately until~~
 October 1956

18. If the ground water supply is supplemental to an existing water supply, identify any application for permit, permit, certificate or adjudicated right to appropriate water, made or held by the applicant. Permit No. 167 (No new land) *John B. Lough*

John B. Lough
 (Signature of applicant)

Remarks:

STATE OF OREGON
 ss.
 John Marion

I hereby certify that I have examined the foregoing application, together with the accompanying and return the same for

In order to retain its priority, this application must be returned to the State Engineer with corrections on or before 19

WITNESS my hand this day of 19

STATE ENGINEER

County of Marion.

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.1^c cubic feet per second measured at the point of diversion from the well or source of appropriation, or its equivalent in case of rotation with other water users, from John B. Woods and Son Forest Nursery Well No. 2

The use to which this water is to be applied is supplemental irrigation

If for irrigation, this appropriation shall be limited to $1/80$ of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed $2\frac{1}{2}$ acre feet per acre for each acre irrigated during the irrigation season of each year; provided further that the amount of water allowed herein, together with the amount secured under any other right existing for the same lands shall not exceed the limitation allowed herein,

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The well shall be cased as necessary in accordance with good practice and if the flow is artesian the works shall include proper capping and control valve to prevent the waste of ground water.

The works constructed shall include an air line and pressure gauge or an access port for measuring the adequate to determine water level elevation in the well at all times.

The permittee shall install and maintain a weir, meter, or other suitable measuring device, and shall keep a complete record of the amount of ground water withdrawn.

The effective date of this permit is June 27, 1956

Actual construction work shall begin on or before June 28, 1957 and shall

be completed with reasonable diligence and be completed on or before October 1, 1957

The application of the water to the proposed use shall be made on or before October 1, 1958

Witness my hand and the 29th day of June 1956

Henry A. Stanley
