*Max K. Tyson*  
(Signature of applicant)

Remarks: Chief, Real Estate Division  
U. S. Army Engineer District, Walla Walla  
7-27-64

The well to be drilled under this application is to replace the present facility of the Union Pacific Railroad Company at Quinton in Gilliam County, Oregon which will be flooded by the pool created by the John Day Lock and Dam Project. Upon completion of the relocation of the Union Pacific Railroad facilities it is the intention of the United States of America to transfer the well permit to the Union Pacific Railroad Company.

The above described well will be located on a parcel of land designated as Tract 1203, John Day Lock and Dam Project, part of the legal description is attached. Title to this land is presently vested in the State of Oregon, Department of Fish and Game. The present use of this land and eventual transfer to the United States of America is covered under Contract TA-45-164-CIVENG-61-103

between the United States of America and the Oregon State Fish and Game Department.  
STATE OF OREGON, }  
County of Marion, } ss.

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for ..... signature.....

In order to retain its priority, this application must be returned to the State Engineer, with corrections on or before September 10, 19 64.

WITNESS my hand this 10th day of July, 19 64.

CHRIS L. WHEELER  
STATE ENGINEER  
RECEIVED JUL 15 1964  
By *Walter Perry*  
STATE ENGINEER ASSISTANT  
SALEM, OREGON

STATE OF OREGON,

PERMIT

County of Marion,

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.02 cubic feet per second measured at the point of diversion from the well or source of appropriation, or its equivalent in case of rotation with other water users, from Quinton Well

The use to which this water is to be applied is operation of Union Pacific Railroad Station of Quinton

If for irrigation, this appropriation shall be limited to of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed acre feet per acre for each acre irrigated during the irrigation season of each year;

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The well shall be cased as necessary in accordance with good practice and if the flow is artesian the works shall include proper capping and control valve to prevent the waste of ground water.

The works constructed shall include an air line and pressure gauge or an access port for measuring line, adequate to determine water level elevation in the well at all times.

The permittee shall install and maintain a weir, meter, or other suitable measuring device, and shall keep a complete record of the amount of ground water withdrawn.

The priority date of this permit is June 24, 1964

Actual construction work shall begin on or before August 28, 1965 and shall

thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1965

Complete application of the water to the proposed use shall be made on or before October 1, 1966

WITNESS my hand this 28th day of August, 1964

Chris L. Wheeler STATE ENGINEER
