West along the North right of way line 110 feet; thence North 100 feet; thence West 100 feet; thence South 100 feet to the point of beginning.

The above lands are owned by the applicants.

STATE OF OREGON,

PERMIT

County of Marion,

This is to certify that I have examined the foregoing application and do hereby grant the same. **SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:**

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.079 cubic feet per second measured at the point of diversion from the well or source of appropriation, or its equivalent in case of rotation with other water users, from a well

The use to which this water is to be applied is irrigation

If for irrigation, this appropriation shall be limited to 1/80 of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 3 acre feet per acre for each acre irrigated during the irrigation season of each year;

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer

The well shall be cased as necessary in accordance with good practice and if the flow is artesian the casing shall include proper capping and control valve to prevent the waste of ground water

The casing shall include an air line and pressure gauge or an access port for measurement of the static water level in the well at all times

August 12, 1955

October 31, 1956

completed on or before October 1, 1957
