STATE OF OREGON.

PERMIT

County of Marion,

ss.

This is to certify that I have examined the foregoing application and do hereby grant the same SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.17 cubic feet per second measured at the point of diversion from the well or source of appropriation, or its equivalent in case of rotation with other water users, from Mary's Veneer Well

The use to which this water is to be applied is maintenance of log pond

If for irrigation, this appropriation shall be limited to - - - of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed acre feet per acre for each acre irrigated during the irrigation season of each year:

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer

The well shall be cased as necessary in accordance with good practice and if the flow is artesian the works shall include proper capping and control valve to prevent the waste of ground water

The works constructed shall include an air line and pressure gauge or an access port for water at the line, adequate to determine water level elevation in the well at all times

The priority date of this permit is March 20, 1917

Actual construction work shall begin on or before July 1, 1917 and

thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1917

Complete application of the water to the proposed use shall be made on or before October 1, 1917

WITNESS my hand this 17th day of March, 1917

PERMIT

TO APPROPRIATE THE GROUND WATERS OF THE STATE OF OREGON

This instrument was first received in the City of the State Engineer at Salem, Oregon, on the 17th day of March, 1917, by J. C. at the City Clerk's Office. Received to applicant
