Permit No. G- **308**

APPLICATION FOR A PERMIT

To Appropriate the Ground Waters of the State of Oregon

I, **William B. Purrier**
(Name of applicant)

of **Route 1, Box 44-B, Rogue River,** county of **Jackson**
(Postoffice Address)

state of **Oregon** do hereby make application for a permit to appropriate the following described ground waters of the state of Oregon, **SUBJECT TO EXISTING RIGHTS:**

If the applicant is a corporation, give date and place of incorporation

1. Give name of nearest stream to which the well, tunnel or other source of water development is situated **Trimble Creek**
(Name of stream)

tributary of Evans Creek

2. The amount of water which the applicant intends to apply to beneficial use is **2.0** cubic feet per second or **gallons per minute.**

3. The use to which the water is to be applied is **Irrigation**

4. The well or other source is located **1.27** **S.** and **115** **ft.** from the **SW** corner of **Section 27**
(Section or subdivision)

(If preferable, give distance and bearing to section corner)

(If the well is to be drilled in a tract of land owned by another person, the name of the owner, if necessary, being within the **SW 1/4** of **Sec. 27** Trp. 33 S. R. 10 W.

W. M. in the county of **Jackson**

5. The **pipeline** to be **100** **ft.**

in length, terminating in the **SW 1/4** of **Sec. 27** Trp. 33 S. R. 10 W.

R. 10 W. **W. M.** the proposed location being shown on the accompanying map.

6. The name of the well or other works is **Purrier Jump**

DESCRIPTION OF WORKS

If the water to be utilized is artesian, the source to be used for the water and the nature of the well or other works to be used must be described

7. The nature of the well consists of **one** **5 1/2"**

(Give name of casing)

and an estimated depth of **15** feet

100 feet casing. Depth to be determined by **100**

CANAL SYSTEM OR PIPE LINE

9 (a) Give dimensions at each point of canal where materially changed in size, stating miles from headgate. At headgate, width on top (at water line) feet; width on bottom, feet; depth of water, feet; grade, feet; fall per one thousand feet.

(b) At _____ miles from headgate, width on top (at water line) feet; width on bottom, feet; depth of water, feet; grade, feet; fall per one thousand feet.

(c) Length of pipe, 300 ft.; size at intake, 3.0 in.; in size at _____ from intake, 2.0 in.; size at place of use, 2.0 in.; difference in elevation between intake and place of use, 30 ft. Is grade uniform? Yes. Estimated capacity, _____ sec. ft.

10 If pumps are to be used, give size and type 1.5 inch centrifugal pump

Give horsepower and type of motor or engine to be used 5.0 h.p. electric motor

11. If the location of the well, tunnel, or other development work is less than one-fourth mile from a natural stream or stream channel, give the distance to the nearest point on each of such channels, the difference in elevation between the stream bed and the ground surface at the source of the water, and the direction in which the water is to be pumped. The nearest point is approximately _____ feet south of the proposed well, and the stream is _____ feet lower in elevation.

12. Location of area to be irrigated, or place of use

| Township N. or S. | Range E. or W. of W. or E. Meridian | Section | County and State | Section Number |
|----------------------|---|---------|------------------|-------------------|
| 11 S. | 14 W. | 7 | Cherokee, Ark. | 1.0 |

Approved: _____ Date: _____
Engineer: _____

MUNICIPAL SUPPLY--

13. To supply the city of _____
in _____ county, having a present population of _____
and an estimated population of _____ in 19 _____

14. Estimated cost of proposed works, \$ 1000.00

15. Construction work will begin on or before 1 year from date of issuance of permit.

16. Construction work will be completed on or before October 1, 1959

17. The water will be completely applied to the proposed use on or before October 1, 1960

18. If the ground water supply is supplemental to an existing water supply, identify any application for permit, permit, certificate or adjudicated right to appropriate water, made or held by the applicant.

William B. Purrier
(Signature of applicant)

Remarks:

STATE OF OREGON,)
) ss.
County of Marion.)

In order to retain its priority, this application must be returned to the State Engineer _____
_____ 19 _____

WITNESS my hand this _____ day of _____ 19 _____

STATE OF OREGON

PERMIT

County of Marion, } ss.

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.09 cubic feet per second measured at the point of diversion from the well or source of appropriation, or its equivalent in case of rotation with other water users, from Farrier State

The use to which this water is to be applied is Irrigation.

If for irrigation, this appropriation shall be limited to 1/80 of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 1/2 acre feet per acre for each acre irrigated during the irrigation season of each year.

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The well shall be cased as necessary in accordance with good practice and if the flow is artesian the works shall include proper capping and control valve to prevent the waste of ground water.

The works constructed shall include an air line and pressure gauge or an access port for measuring line adequate to determine water level elevation in the well at all times.

The priority date of this permit is August 22, 1956

Actual construction work shall begin on or before August 27, 1956 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1956.

Diversion of water to the proposed use shall be made on or before October 1, 1956.

WITNESS my hand this 24th day of August, 1956

STATE ENGINEER

Approved by Lewis A. Stanley
