Remarks: This proposed water system will cover the same ground an old water system covered which was supplied by two wells. Bud and Al Fortier, former operators of this golf course, are vague as to whether the wells had been filed with the state. They think they were, either under the name "Cloverdale Farms" or "Fortier" or "Hope and Turrell Cronkhite." On the map, the well marked 20.12 S., 116.18 W is one of the original wells and will still be used in the new water system. The well marked 1032.79 S., 911.66 W is a new well replacing the other original well and is located 15 feet south of the abandoned well. The well marked 1205.33 S., 130.49 E is a new well which we are filing for the first time.
