Permit No. G-.....

APPLICATION FOR A PERMIT

To Appropriate the Ground Waters of the State of Oregon

I, Robert F. Ramsey, (Name of applicant) of 4368 Barbara Way, (Postoffice Address), county of marion, state of Oregon, do hereby make application for a permit to appropriate the following described ground waters of the state of Oregon, SUBJECT TO EXISTING RIGHTS:

If the applicant is a corporation, give date and place of incorporation

1. Give name of nearest stream to which the well, tunnel or other source of water development is situated Puddin River (Name of stream)

tributary of

2. The amount of water which the applicant intends to apply to beneficial use is .07 cubic feet per second or gallons per minute.

3. The use to which the water is to be applied is IRRIGATION

4. The well or other source is located 1900 ft. SOUTH of Sec 30 line West and 180 ft. NE from the NE corner of ~~Lot 11, Vandate Dist. C~~ sec 20 (Section or subdivision) Hr-6-24-66

(If preferable, give distance and bearing to section corner)

(If there is more than one well, each must be described. Use separate sheet if necessary) being within the SE 1/4 NE 1/4 of Sec. 30, Twp. 6S, R. 2W, W. M., in the county of marion

5. The Portable Pipe (Canal or pipe line) to be miles in length, terminating in the of Sec. 30, Twp. 6S, R. 2W, W. M., the proposed location being shown throughout on the accompanying map.

6. The name of the well or other works is

DESCRIPTION OF WORKS

7. If the flow to be utilized is artesian, the works to be used for the control and conservation of the supply when not in use must be described.

8. The development will consist of one well (Give number of wells, tunnels, etc.) having a diameter of 6 in inches and an estimated depth of 70 feet. It is estimated that 70 feet of the well will require 250 Bagl casing. Depth to water table is estimated 20 Below land surface. (Kind) (Feet)

CANAL SYSTEM OR PIPE LINE—

9. (a) Give dimensions at each point of canal where materially changed in size, stating miles from headgate. At headgate: width on top (at water line) feet; width on bottom feet; depth of water feet; grade feet fall per one thousand feet.

(b) At miles from headgate: width on top (at water line) feet; width on bottom feet; depth of water feet; grade feet fall per one thousand feet.

(c) Length of pipe, 530 ft.; size at intake, 3" in.; in size at 320 ft. from intake 2" in.; size at place of use 2" in.; difference in elevation between intake and place of use, very little ft. Is grade uniform? yes. Estimated capacity, sec. ft.

10. If pumps are to be used, give size and type 3 hp 7 Stage Puf.

Give horsepower and type of motor or engine to be used

11. If the location of the well, tunnel, or other development work is less than one-fourth mile from a natural stream or stream channel, give the distance to the nearest point on each of such channels and the difference in elevation between the stream bed and the ground surface at the source of development

12. Location of area to be irrigated, or place of use

Township N. or S.	Range E. or W. of Willamette Meridian	Section	Forty-acre Tract	Number Acres To Be Irrigated
6-S	2-W	30	SE 1/4 NE 1/4	5 ACERS.

(If more space required, attach separate sheet)

Character of soil Mukemut Top Soil.
Kind of crops raised Pasture + Row Crop.

13. To supply the city of
in county, having a present population of
and an estimated population of in 19.....

ANSWER QUESTIONS 14, 15, 16, 17 AND 18 IN ALL CASES

- 14. Estimated cost of proposed works, \$ 2,550
- 15. Construction work will begin on or before Apr. 20, 1966
- 16. Construction work will be completed on or before June 1, 1966
- 17. The water will be completely applied to the proposed use on or before 1 July - 1966

18. If the ground water supply is supplemental to an existing water supply, identify any application for permit, permit, certificate or adjudicated right to appropriate water, made or held by the applicant.

Robert F. Ramsey
(Signature of applicant)

Remarks: Legal Description Beginning at iron pipe which is 20.375 chain north 89° 45' East and 916.82 feet north 89.45' East and 504.90 feet north 10° 45' west and 373.21 feet north 89.45' East from the Southwest corner of the Louis Vandale Donation Land Claim no. 70 in Township 6 South Range 2 west of the Willamette meridian in Marion County, Oreg. thence north 89° 45' East 418.71 feet to an iron pipe thence South 10° 45' East 529.65 feet to a point which is South 10° 45' East 24.75 feet from an iron pipe; thence South 89° 45' west 325.71 feet to an iron pipe thence north 11° 43' west 537.76 feet to the place of beginning.

PERMIT

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.06 cubic feet per second measured at the point of diversion from the well or source of appropriation, or its equivalent in case of rotation with other water users, from a well

The use to which this water is to be applied is irrigation

If for irrigation, this appropriation shall be limited to 1/80th of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 2 1/2 acre feet per acre for each acre irrigated during the irrigation season of each year;

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The well shall be cased as necessary in accordance with good practice and if the flow is artesian the works shall include proper capping and control valve to prevent the waste of ground water.

The works constructed shall include an air line and pressure gauge or an access port for measuring line, adequate to determine water level elevation in the well at all times.

The permittee shall install and maintain a weir, meter, or other suitable measuring device, and shall keep a complete record of the amount of ground water withdrawn.

The priority date of this permit is May 27, 1966

Actual construction work shall begin on or before May 17, 1968 and shall

thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1968

Complete application of the water to the proposed use shall be made on or before October 1, 1969

WITNESS my hand this 17th day of May, 1967
