

Permit No. G- 3336

APPLICATION FOR A PERMIT

To Appropriate the Ground Waters of the State of Oregon

I, STANLEY B. HALL (Name of applicant) of 1250 Guinice Drive Junction City Lane (Postoffice Address), county of Lane, state of Oregon, do hereby make application for a permit to appropriate the following described ground waters of the state of Oregon, SUBJECT TO EXISTING RIGHTS:

If the applicant is a corporation, give date and place of incorporation

1. Give name of nearest stream to which the well, tunnel or other source of water development is situated Lateral "A" of Flat Creek (Name of stream)

tributary of Willamette River

2. The amount of water which the applicant intends to apply to beneficial use is cubic feet per second or 35 gallons per minute.

3. The use to which the water is to be applied is Irrigation

4. The well or other source is located 1770 ft. S (N. or S.) and 1075 ft. W (E. or W.) from the NE corner of Section 31 (Section or subdivision)

(If preferable, give distance and bearing to section corner)

(If there is more than one well, each must be described. Use separate sheet if necessary)

being within the SE of NE of Sec. 31, Twp. 15S, R. 4W, W. M., in the county of Lane

5. The (Canal or pipe line) to be miles in length, terminating in the (Smallest legal subdivision) of Sec. of Twp. R. W. M., the proposed location being shown throughout on the accompanying map.

6. The name of the well or other works is

DESCRIPTION OF WORKS

7. If the flow to be utilized is artesian, the works to be used for the control and conservation of the supply when not in use must be described.

8. The development will consist of One well (Give number of wells, tunnels, etc.) having a diameter of 2 inches and an estimated depth of 24 feet. It is estimated that 24 feet of the well will require 5 steel (Kind) casing. Depth to water table is estimated 13' (Feet)

13. To supply the city of
in county, having a present population of
and an estimated population of in 19.....

ANSWER QUESTIONS 14, 15, 16, 17 AND 18 IN ALL CASES

14. Estimated cost of proposed works, \$..... 220,00

15. Construction work will begin on or before May 1, 1966

16. Construction work will be completed on or before June 30, 1966

17. The water will be completely applied to the proposed use on or before Aug 1, 1966

18. If the ground water supply is supplemental to an existing water supply, identify any application for permit, permit, certificate or adjudicated right to appropriate water, made or held by the applicant.

Stanley B. Hall
(Signature of applicant)

Remarks:

More acres will come into irrigation as I expand. At the present I will not be using all that I ask for but I will never irrigate over 30 acres. I don't know for sure just how much land I might use. It all depends on how the stock sells.

STATE OF OREGON, }
County of Marion, } ss.

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for completion.....

In order to retain its priority, this application must be returned to the State Engineer, with corrections on or before August 29....., 1966...

CHRIS L. WHEELER

STATE ENGINEER

Jerry W. Brown
ASSISTANT

STATE OF OREGON, }
County of Marion, } ss.

PERMIT

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.01 cubic feet per second measured at the point of diversion from the well or source of appropriation, or its equivalent in case of rotation with other water users, from a well

The use to which this water is to be applied is irrigation

If for irrigation, this appropriation shall be limited to 1/80th of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 2 1/2 acre feet per acre for each acre irrigated during the irrigation season of each year;

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The well shall be cased as necessary in accordance with good practice and if the flow is artesian the works shall include proper capping and control valve to prevent the waste of ground water.

The works constructed shall include an air line and pressure gauge or an access port for measuring line, adequate to determine water level elevation in the well at all times.

The permittee shall install and maintain a weir, meter, or other suitable measuring device, and shall keep a complete record of the amount of ground water withdrawn.

The priority date of this permit is June 22, 1966

Actual construction work shall begin on or before May 17, 1968 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1968

Complete application of the water to the proposed use shall be made on or before October 1, 1969

WITNESS my hand this 17th day of May, 1967
