

Permit No. G- **336**

APPLICATION FOR A PERMIT

To Appropriate the Ground Waters of the State of Oregon

I, **Albert G. and Anna P. Basant**
(Name of applicant)

of **215 Hiatt Street, Lebanon**, county of **Linn**
(Postoffice Address)

state of **Oregon** do hereby make application for a permit to appropriate the following described ground waters of the state of Oregon, SUBJECT TO EXISTING RIGHTS:

If the applicant is a corporation, give date and place of incorporation

1. Give name of nearest stream to which the well, tunnel or other source of water development is situated **South Santiam River**
(Name of stream)

tributary of **Willamette River**

2. The amount of water which the applicant intends to apply to beneficial use is _____ cubic feet per second or **60** gallons per minute.

3. The use to which the water is to be applied is **Irrigation**

4. The well or other source is located **N 23° 40' E. 9.75 chains** ft. _____ and _____ ft. _____ from the **SE** corner of _____

The Richmond Cheadle DLC 38
(Section or subdivision)

(If preferred, give distance and bearing to section corner)

NE 1/4 of SW 1/4

of Sec **19** Twp **12 S. R 1 W.**

Linn

main pipe line

to be **320 feet**

NW 1/4 of SE 1/4 and NE 1/4 of SW 1/4

of Sec **19** Twp **12 S.**

The proposed location being shown throughout on the accompanying map.

Basant Well No. 1

DESCRIPTION OF WORKS

one well

with an estimated depth of **35** feet

steel

10

CANAL SYSTEM OR PIPE LINE—

9. (a) Give dimensions at each point of canal where materially changed in one station miles from headgate. At headgate: width on top (at water line) _____ feet; width on bottom _____ feet; depth of water _____ feet; grade _____ feet fall per one thousand feet.

(b) At _____ miles from headgate: width on top (at water line) _____ feet; width on bottom _____ feet; depth of water _____ feet; grade _____ feet fall per one thousand feet.

(c) Length of pipe, **320** ft.; size at intake, **3** in.; in size at **320** ft. from intake **3** in.; size at place of use **2** in.; difference in elevation between intake and place of use, **14** ft. Is grade uniform? **yes** Estimated capacity **.3** sec. ft.

10. If pumps are to be used, give size and type **1 1/2" centrifugal gray marine**

Give horsepower and type of motor or engine to be used **Will use a cub International tractor**

11. If the location of the well, tunnel, or other development work is less than one-fourth mile from a natural stream or stream channel give the distance to the nearest point on each of such channels and the difference in elevation between the stream bed and the ground surface at the source of development.

Well is within 920 feet of the South Santian River. The stream bed is approximately 30 feet below ground surface at the well site.

12. Location of area to be irrigated, or place of use: (See below)

Section	Area	Acres	Direction	Distance
12 S	1 W	19	NW 1/4 of SE 1/4	1.8
12 S	1 W	19	NE 1/4 of SW 1/4	3.4
				5.2

If more space required, attach separate sheets.

Chehalis

berries and vegetables

MUNICIPAL SUPPLY—

13. To supply the city of
in county, having a present population of
and an estimated population of in 19

14. Estimated cost of proposed works, \$ 750.00

15. Construction work will begin on or before Sept. 5, 1957

16. Construction work will be completed on or before October 1, 1958

17. The water will be completely applied to the proposed use on or before October 1, 1959

18. If the ground water supply is supplemental to an existing water supply, identify any application for permit, permit, certificate or adjudicated right to appropriate water, made or held by the applicant.

Remarks:

STATE ENGINEER

My Commission Expires

I hereby certify that I have examined the foregoing application together with the accompanying plans and reports and find that the same conform to the requirements of the law.

In witness whereof, I have signed this application and the accompanying plans and reports, and have hereunto set my hand and the seal of the State Engineer's Office at the City of ...

19

Witness my hand and the seal of the State Engineer's Office on this day of 19

STATE ENGINEER

STATE OF OREGON,

PERMIT

County of Marion,

This is to certify that I have examined the foregoing application and do hereby grant the same. SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.07 cubic feet per second measured at the point of diversion from the well or source of appropriation, or its equivalent in case of rotation with other water users, from Bazant Well No. 1

The use to which this water is to be applied is irrigation

If for irrigation, this appropriation shall be limited to 1/80 of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 2 1/2 acre feet per acre for each acre irrigated during the irrigation season of each year:

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The well shall be cased as necessary in accordance with good practice and if the flow is artesian the works shall include proper capping and control valve to prevent the waste of ground water.

The works constructed shall include an air line and pressure gauge or an access port for measuring line, adequate to determine water level elevation in the well at all times.

The priority date of this permit is September 5, 1956.

Actual construction work shall begin on or before September 24, 1957 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1957

Complete utilization of the water to the proposed use shall be made on or before October 1, 1958 permittee shall install and maintain a weir, meter, or other suitable measuring device and shall keep a complete record of the amount of ground water withdrawn.

Witness my hand this 24th day of September 1956

Henry J. ... STATE ENGINEER
