

Permit No. G- 341

APPLICATION FOR A PERMIT

To appropriate the Ground Waters of the State of Oregon

I, Clyde A. Root (Name of applicant)

of Mosier (Postoffice Address), county of Wasco

state of Oregon, do hereby make application for a permit to appropriate the following described ground waters of the state of Oregon, SUBJECT TO EXISTING RIGHTS:

If the applicant is a corporation, give date and place of incorporation

1. Give name of nearest stream to which the well, tunnel or other source of water development is situated one (1) mile from Mosier Creek, a tributary of the Columbia River (Name of stream)

2. The amount of water which the applicant intends to apply to beneficial use is ... cubic feet per second or 200 ... gallons per minute.

3. The use to which the water is to be applied is domestic, stock and irrigation

4. The well or other source is located 1285 ft. S. and 1353 ft. W. from the northeast corner of Section 7, Tp. 2 North of Range 12, East Willamette Meridian, (Section or subdivision)

(If preferable, give distance and bearing to section corner)

If there be than one well, each must be described. Use separate sheet if necessary.

be situated on the MEANE of Sec. 7, Twp. 2 N., R. 12 East

W. M. of the county of Wasco

The ... to be ... miles

of Sec. ... Twp

W. M. the proposed location being shown throughout on the accompanying map.

DESCRIPTION OF WORKS

If the flow to be utilized is artesian, the works to be used for the control and conservation of the ... must be described.

No artesian flow

The development will consist of one (1) well ... distance of 237 feet and 6 inches for 19 1/2 feet ... It is estimated that the well is cased for a distance of 237 feet ... casing. Depth to water table is estimated

CANAL SYSTEM OR PIPE LINE—

9. (a) Give dimensions at each point of canal where materially changed in size, stating miles from headgate. At headgate: width on top (at water line) feet; width on bottom feet; depth of water feet; grade feet fall per one thousand feet.

(b) At miles from headgate: width on top (at water line) feet; width on bottom feet; depth of water feet; grade feet fall per one thousand feet.

(c) Length of pipe, ft.; size at intake, in.; in size at ft. from intake in.; size at place of use in.; difference in elevation between intake and place of use, ft. Is grade uniform? Estimated capacity, sec. ft.

10. If pumps are to be used, give size and type J. A. Cook 8 inch turbine pump - capacity 200 gallons per minute
Give horsepower and type of motor or engine to be used pump and motor are built together, being a 15 h.p. motor

11. If the location of the well, tunnel, or other development work is less than one-fourth mile from a natural stream or stream channel, give the distance to the nearest point on each of such channels and the difference in elevation between the stream bed and the ground surface at the source of development

12. Location of area to be irrigated, or place of use

Township N. or S.	Range E. or W. of Willamette Meridian	Section	Forty-acre Tract	Number Acres To Be Irrigated
2 N.	12 E.	7	NW 1/4 NE 1/4	15
2 N.	12 E.	7	NE 1/4 NW 1/4	15

If more space required, attach separate sheet.

Character of soil sandy loam

Kind of crops raised fruit, hay and alfalfa

MUNICIPAL SUPPLY—

13. To supply the city of _____
in _____ county, having a present population of _____
and an estimated population of _____ in 19 _____

14. Estimated cost of proposed works, \$ 5,500.00

15. Construction work ~~will begin on or before~~ ^{was begun} in 1947 and completed in 1947

16. Construction work will be completed on or before _____

17. The water will be completely applied to the proposed use on or before ~~applied~~ ^{has been completely applied}

18. If the ground water supply is supplemental to an existing water supply, identify any application for permit, permit, certificate or adjudicated right to appropriate water, made or held by the applicant. Not supplemental

Clyde A. Root
(Signature of applicant)

and return the same for _____ completion

In order to obtain its priority, this application must be returned to the State Engineer with correct _____

Witness my hand this _____ October 8, 19 56.

_____ 7th day of August 19 56

By LEWIS A. STANLEY

Chris L. Wheeler, Assistant

STATE OF OREGON,

PERMIT

County of Marion,

} ss.

This is to certify that I have examined the foregoing application and do hereby grant the same. SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.25 cubic feet per second measured at the point of diversion from the well or source of appropriation, or its equivalent in case of rotation with other water users, from Clyde A. Post Well

The use to which this water is to be applied is irrigation

If for irrigation, this appropriation shall be limited to 1/30 of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 3 acre feet per acre for each acre irrigated during the irrigation season of each year:

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer

The well shall be cased as necessary in accordance with good practice and if the flow is artesian the works shall include proper capping and control valve to prevent the waste of ground water.

The works constructed shall include an air line and pressure gauge or an access port for measuring line, adequate to determine water level elevation in the well at all times.

The permittee shall install and maintain a weir, meter, or other suitable measuring device, and shall keep a complete record of the amount of ground water withdrawn.

The priority date of this permit is July 19, 1958

Actual construction work shall begin on or before October 2, 1958 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1959

Complete application of the water to the proposed use shall be made on or before October 1, 1959

WITNESS my hand this 1st day of October, 1958

[Signature] STATE ENGINEER

347
