STATE ENGINEER
SALEM OREGON

Permit No. G-G 3472

APPLICATION FOR A PERMIT

CERTIFICATE NO. 46149

To appropriate the Ground Waters of the State of Oregon

Pacific Power & Light Company
(Name of applicant)

of 920 S. W. Sixth Avenue, Portland, county of Multnomah
(Postoffice Address)

state of Oregon 97204 ^{does} hereby make application for a permit to appropriate the following described ground waters of the state of Oregon, SUBJECT TO EXISTING RIGHTS:

If the applicant is a corporation, give date and place of incorporation

June 16, 1910 State of Maine

1. Give name of nearest stream to which the well, tunnel or other source of water development is situated Clearwater River
(Name of stream)

tributary of North Umpqua River

2. The amount of water which the applicant intends to apply to beneficial use is 0.111 cubic feet per second or 50 gallons per minute.

3. The use to which the water is to be applied is Domestic

4. The well or other source is located 500 ft. South and 400 ft. East from the NW corner of SW¹ of Section 36, T 26 S, R 3 E, W.M.
(N. or S.) (E. or W.)
(Section or subdivision)

(If preferable, give distance and bearing to section corner)

(If there is more than one well, each must be described. Use separate sheet if necessary)

being within the NW¹ of SW¹ of Sec. 36, Twp. 26S, R. 3E, W. M., in the county of Douglas

5. The Pipeline to be 0.15 miles in length, terminating in the NW¹ of SW¹ of Sec. 36, Twp. 26S, R. 3E, W. M., the proposed location being shown throughout on the accompanying map.
(Canal or pipe line)
(Smallest legal subdivision)

6. The name of the well or other works is Clearwater Village Well

DESCRIPTION OF WORKS

7. If the flow to be utilized is artesian, the works to be used for the control and conservation of the supply when not in use must be described.

Flow is not artesian

8. The development will consist of One well having a diameter of 6 inches and an estimated depth of 55 feet. It is estimated that 54 feet of the well will require steel casing. Depth to water table is estimated 28 from ground surface.
(Give number of wells, tunnels, etc.)
(Kind) (Feet)

MUNICIPAL SUPPLY—

13. To supply the city of Pacific Power & Light Company's Clearwater Village in Douglas county, having a present population of 45 to 80 and an estimated population of same in 19.76.

ANSWER QUESTIONS 14, 15, 16, 17 AND 18 IN ALL CASES

- 14. Estimated cost of proposed works, \$9,000.00
15. Construction work will begin on or before December 1, 1966
16. Construction work will be completed on or before December 31, 1966
17. The water will be completely applied to the proposed use on or before December 31, 1966
18. If the ground water supply is supplemental to an existing water supply, identify any application for permit, permit, certificate or adjudicated right to appropriate water, made or held by the applicant. The supply from the well will be primary and not supplemental.

STATE ENGINEER
By ASSISTANT

STATE OF OREGON, }
County of Marion, } ss.

PERMIT

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.11 cubic feet per second measured at the point of diversion from the well or source of appropriation, or its equivalent in case of rotation with other water users, from a well

The use to which this water is to be applied is domestic use in Clearwater Village

If for irrigation, this appropriation shall be limited to _____ of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed _____ acre feet per acre for each acre irrigated during the irrigation season of each year; and shall be further limited to appropriation of water only to the extent that it does not impair or substantially interfere with existing surface water rights of others

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The well shall be cased as necessary in accordance with good practice and if the flow is artesian the works shall include proper capping and control valve to prevent the waste of ground water.

The works constructed shall include an air line and pressure gauge or an access port for measuring line, adequate to determine water level elevation in the well at all times.

The permittee shall install and maintain a weir, meter, or other suitable measuring device, and shall keep a complete record of the amount of ground water withdrawn.

The priority date of this permit is November 10, 1966

Actual construction work shall begin on or before September 29, 1968 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1968

Complete application of the water to the proposed use shall be made on or before October 1, 1969

WITNESS my hand this 29th day of September, 1967
