

Permit No. G- 349

APPLICATION FOR A PERMIT

To Appropriate the Ground Waters of the State of Oregon

I, Moyina Heights Co., a copartnership consisting of the Martins & Grains

(Name of applicant)

of 1754 Kane Street, Klamath Falls, county of Klamath

(Postoffice Address)

state of Oregon, do hereby make application for a permit to appropriate the following described ground waters of the state of Oregon, SUBJECT TO EXISTING RIGHTS:

If the applicant is a corporation, give date and place of incorporation

1. Give name of nearest stream to which the well, tunnel or other source of water development is situated Klamath

(Name of stream)

tributary of

2. The amount of water which the applicant intends to apply to beneficial use is cubic feet per second or 400 gallons per minute.

3. The use to which the water is to be applied is Community domestic supply for residential subdivisions of "Moyina" (platted subdivision) and "Moyina Heights" (proposed platted subdivision)

4. The well or other source is located ft. and ft. from the corner of N. 35° 49' E., 1296.5 feet from the one-quarter corner common to Sec. 2, T. 39 S., R. 9 E., W.M. and Sec. 36, T. 38 S., R. 9 E., W.M.

(If preferable, give distance and bearing to section corner)

If there is more than one well, each must be described. Use separate sheet if necessary.

being within the SW 1/4 SE 1/4 of Sec. 36, Twp. 38 S., R. 9 E., W.M. in the county of Klamath. (see map attached)

5. The main pipe line to be in length terminating in the SE 1/4 SW 1/4 of Sec. 36 S. Twp. 38 S., R. 9 E. W.M. the proposed location being shown throughout on the accompanying map

6. The name of the well or other works is Moyina Well

DESCRIPTION OF WORKS

7. If the work is to be utilized by artisan, the works to be used for the control and regulation of the flow of water must be described

8. The development will consist of one well diameter of inches and an estimated depth of 970 feet. It is estimated that feet of the well will require steel casing. Depth to water table is estimated

CANAL SYSTEM OR PIPE LINE—See map attached

9. (a) Give dimensions at each point of canal where materially changed in size, stating miles from headgate. At headgate: width on top (at water line) feet; width on bottom feet; depth of water feet; grade feet fall per one thousand feet.

(b) At miles from headgate: width on top (at water line) feet; width on bottom feet; depth of water feet; grade feet fall per one thousand feet.

(c) Length of pipe, ft.; size at intake, in.; in size at ft. from intake in.; size at place of use in.; difference in elevation between intake and place of use, ft. Is grade uniform? Estimated capacity, sec. ft.

10. If pumps are to be used, give size and type 1 1/2" Submersible

Give horsepower and type of motor or engine to be used 20 H.P. Electric

11. If the location of the well, tunnel, or other development work is less than one-fourth mile from a natural stream or stream channel, give the distance to the nearest point on each of such channels and the difference in elevation between the stream bed and the ground surface at the source of development

12. Location of area to be irrigated, or place of use see map attached

Township N or S	Range E or W of Willamette Meridian	Section	Forty-acre Tract	Number Acres To Be Irrigated	Use
38S	9E	36	SE 1/4, SW 1/4	DOMESTIC	1/2
38S	9E	36	SW 1/4, SE 1/4	"	

(if more space required, attach separate sheet)

Character of soil loam
 Kind of crops raised residential lawns and shrubbery.

MUNICIPAL SUPPLY— Moyina, a platted subdivision, and Moyina Heights,

13. To supply the city of a proposed subdivision

in Klamath county, having a present population of none

and an estimated population of 760 in 1966.

14. Estimated cost of proposed works, \$25,000.00

15. Construction work will begin on or before immediately

16. Construction work will be completed on or before October 1, 1957

17. The water will be completely applied to the proposed use on or before October 1, 1958

18. If the ground water supply is supplemental to an existing water supply, identify any application for permit, permit, certificate or adjudicated right to appropriate water, made or held by the applicant. none

MOYINA HEIGHTS CO. (Signature of applicant)

Remarks:

BY: Harvey C. Martin

This application is made in connection with the appropriation of ground waters of the State of Oregon for domestic use of residential homes, now being or to be constructed in Moyina, a platted subdivision in Klamath County, Oregon and Moyina Heights, a proposed subdivision. The accompanying map and tracing shows the platted subdivision of Moyina and the proposed subdivision of Moyina Heights by block and streets, with the lot lines omitted. Construction is currently proceeding in connection with the residence and sale of lots in Moyina. The residence and lots for individual families will not exceed one-half acre in area. The development of the community water system in connection with this real estate development is necessitated by the inability of the Klamath Water Corporation, a public utility supplying water to the area, to supply water to this particular area.

STATE OF OREGON ss. County of Marion

I, the undersigned, being a duly qualified engineer, do hereby certify that I have examined the foregoing application together with the accompanying map and tracing and find the same to be correct.

In order to retain its priority this application must be returned to the State Engineer, with a fee of \$10.00, on or before

19

WITNESS my hand this day of 19

STATE ENGINEER

STATE OF OREGON,

PERMIT

County of Marion,

} ss.

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.89 cubic feet per second measured at the point of diversion from the well or source of appropriation, or its equivalent in case of rotation with other water users, from

The use to which this water is to be applied is municipal (all the purposes for which water could be used in a city under a right initiated for municipal use)

If for irrigation, this appropriation shall be limited to - - - of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed acre feet per acre for each acre irrigated during the irrigation season of each year:

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The well shall be cased as necessary in accordance with good practice and if the flow is artesian the works shall include proper capping and control valve to prevent the waste of ground water.

The works constructed shall include an air line and pressure gauge or an access port for measuring the water level to determine water level elevation in the well at all times.

The permittee shall install and maintain a weir, meter, or other suitable measuring device, and shall keep a complete record of the amount of ground water withdrawn.

Witness my hand and the seal of the State of Oregon this

September 7, 1956

day of the month of September, 1956.

October 14, 1957

and shall

be completed on or before October 1, 1957.

The water to be used for the proposed use shall be made on or before October 1, 1957.

Signature and date stamp: 1957

PERMIT stamp and various administrative markings, including a date stamp of 1957.

Vertical stamp on the left margin: 1957 to Oct 1, 1957 and 1958 to Oct 1, 1958
