Permit No. G- G 3550

CERTIFICATE NO. 38315

APPLICATION FOR A PERMIT

To Appropriate the Ground Waters of the State of Oregon

I, William E. Widman (Name of applicant)

of P.O. Box 116, county of Baker,
(Postoffice Address)

state of Oregon, do hereby make application for a permit to appropriate the following described ground waters of the state of Oregon, SUBJECT TO EXISTING RIGHTS:

If the applicant is a corporation, give date and place of incorporation

1. Give name of nearest stream to which the well, tunnel or other source of water development is situated Powder River (Name of stream)

tributary of Snake River

2. The amount of water which the applicant intends to apply to beneficial use is _____ cubic feet per second or 750 gallons per minute.

3. The use to which the water is to be applied is irrigation

4. The well or other source is located 1350 ft. N and 17.5 ft. E from the 1/4 corner of common to sections #4 and 9 and Twn. 9S R 40 E WM
(N. or S.) (E. or W.)
(Section or subdivision)

(If preferable, give distance and bearing to section corner)

(If there is more than one well, each must be described. Use separate sheet if necessary)

being within the NW 1/4 SE 1/4 of Sec. 4, Twp. 9S, R. 40E WM, W. M., in the county of Baker

5. The sprinkler main line pipe to be 1320 feet miles
(Canal or pipe line) of OSH 203
in length, terminating in the W 1/2 of NW 1/4 SE 1/4 of Sec. 4, Twp. 9S,
(Smallest legal subdivision) E 1/2 of SW 1/4
R. 40 E, W. M., the proposed location being shown throughout on the accompanying map.
(#2 on Well Driller's report)

6. The name of the well or other works is #1 West

DESCRIPTION OF WORKS

7. If the flow to be utilized is artesian, the works to be used for the control and conservation of the supply when not in use must be described.

8. The development will consist of One (1) having a
(Give number of wells, tunnels, etc.)
diameter of 12 inches and an estimated depth of 50 feet. It is estimated that 49
feet of the well will require steel casing. Depth to water table is estimated 3
(Kind) (Feet)

9. (a) Give dimensions at each point of canal where materially changed in size, stating miles from headgate. At headgate: width on top (at water line) feet; width on bottom feet; depth of water feet; grade feet fall per one thousand feet.

(b) At miles from headgate: width on top (at water line) feet; width on bottom feet; depth of water feet; grade feet fall per one thousand feet.

(c) Length of pipe, 1320 ft.; size at intake, 4 in.; in size at main line ft. from intake 4 in.; size at place of use 3" Laterals in.; difference in elevation between intake and place of use, ft. Is grade uniform? Estimated capacity, 750 G.P.M. sec. ft.

10. If pumps are to be used, give size and type 50 H.P. 3" Centrifugal Pump

Give horsepower and type of motor or engine to be used 50 H.P. Diesel Engine

11. If the location of the well, tunnel, or other development work is less than one-fourth mile from a natural stream or stream channel, give the distance to the nearest point on each of such channels and the difference in elevation between the stream bed and the ground surface at the point of level.

12. Location of area to be irrigated, or place of use

Township N. or S.	Range E. or W. of Willamette Meridian	Section	Forty-acre Tract	Number Acres To Be Irrigated
9 S	40 E	4	W 1/2 of NW 1/4 SE 1/4	11.68
			NE 1/4 SW 1/4	40
			SE 1/4 SW 1/4	40
				<u>91.68</u>

(If more space required, attach separate sheet)

Character of soil silt loam

Kind of crops raised hay and pasture

13. To supply the city of
in county, having a present population of
and an estimated population of in 19.....

ANSWER QUESTIONS 14, 15, 16, 17 AND 18 IN ALL CASES

- 14. Estimated cost of proposed works, \$ 6000.00.....
- 15. Construction work will begin on or before May 30, 1966.....
- 16. Construction work will be completed on or before June 11, 1966.....
- 17. The water will be completely applied to the proposed use on or before June 12, 1966.....

18. If the ground water supply is supplemental to an existing water supply, identify any application for permit, permit, certificate or adjudicated right to appropriate water, made or held by the applicant. adjudicated right from Powder River NW¹/₄-SE¹/₄ Certificate 4310
NE¹/₄-SW¹/₄, SE¹/₂-SW¹/₄ Certificate 4310

PERMIT

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed1.15..... cubic feet per second measured at the point of diversion from the well or source of appropriation, or its equivalent in case of rotation with other water users, froma well.....

The use to which this water is to be applied issupplemental irrigation.....

If for irrigation, this appropriation shall be limited to1/80th..... of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed ...3..... acre feet per acre for each acre irrigated during the irrigation season of each year; provided further... that the right allowed herein shall be limited to any deficiency in the available... supply of any prior right existing for the same land and shall not exceed the... limitation allowed herein.

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The well shall be cased as necessary in accordance with good practice and if the flow is artesian the works shall include proper capping and control valve to prevent the waste of ground water.

The works constructed shall include an air line and pressure gauge or an access port for measuring line, adequate to determine water level elevation in the well at all times.

The permittee shall install and maintain a weir, meter, or other suitable measuring device, and shall keep a complete record of the amount of ground water withdrawn.

The priority date of this permit isJanuary 3, 1967.....

Actual construction work shall begin on or beforeOctober 19, 1968..... and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1969.....

Complete application of the water to the proposed use shall be made on or before October 1, 1970.....

WITNESS my hand this 19th day of October, 1967
