

Permit No. G- G 3891

APPLICATION FOR A PERMIT

To Appropriate the Ground Waters of the State of Oregon

I, Mr. Jesse E. Walker (Name of applicant)

of 850 Three Pines Road, Grants Pass, county of Josephine (Postoffice Address)

state of Oregon, do hereby make application for a permit to appropriate the following described ground waters of the state of Oregon, SUBJECT TO EXISTING RIGHTS:

If the applicant is a corporation, give date and place of incorporation

1. Give name of nearest stream to which the well, tunnel or other source of water development is situated No Name Creek (Name of stream)

tributary of Jump-Off Joe Creek

2. The amount of water which the applicant intends to apply to beneficial use is cubic feet per second or 22.44 gallons per minute.

3. The use to which the water is to be applied is for irrigation of pasture.

4. The well or other source is located 63 ft. N. and 1450 ft. E. from the SW corner of Section 34 (N. or S.) (E. or W.)

(Section or subdivision)

(If preferable, give distance and bearing to section corner)

(If there is more than one well, each must be described. Use separate sheet if necessary)

being within the SE 1/4 of SW 1/4 of Sec. 34, Twp. 34 S., R. 6 W., W. M., in the county of Josephine

5. The pipeline to be 600 feet (Canal or pipe line)

in length, terminating in the SE 1/4 of SW 1/4 of Sec. 34, Twp. 34 S., R. 6 W., W. M., the proposed location being shown throughout on the accompanying map.

(Smallest legal subdivision)

6. The name of the well or other works is .

DESCRIPTION OF WORKS

7. If the flow to be utilized is artesian, the works to be used for the control and conservation of the supply when not in use must be described.

8. The development will consist of 1 Well (Give number of wells, tunnels, etc.) having a diameter of 30x56 ft. inches and an estimated depth of 12 feet. It is estimated that feet of the well will require casing. Depth to water table is estimated 10 feet (Kind) (Feet)

CANAL SYSTEM OR PIPE LINE—

G 3891

9. (a) Give dimensions at each point of canal where materially changed in size, stating miles from headgate. At headgate: width on top (at water line) ..... feet; width on bottom ..... feet; depth of water ..... feet; grade ..... feet fall per one thousand feet.

(b) At ..... miles from headgate: width on top (at water line) ..... feet; width on bottom ..... feet; depth of water ..... feet; grade ..... feet fall per one thousand feet.

(c) Length of pipe, ...600..... ft.; size at intake ...2½..... in.; in size at ..... ft. from intake .....2..... in.; size at place of use .....2..... in.; difference in elevation between intake and place of use, ..... ft. Is grade uniform? ..... Estimated capacity, ..... sec. ft.

10. If pumps are to be used, give size and type ... 2½" intake, 2" outlet.

Centrifugal Pump

Give horsepower and type of motor or engine to be used ... 5 horsepower, gasoline engine.

11. If the location of the well, tunnel, or other development work is less than one-fourth mile from a natural stream or stream channel, give the distance to the nearest point on each of such channels and the difference in elevation between the stream bed and the ground surface at the source of development

Sump is located 10 feet east of small stream; stream dries up in summer. Elevation difference plus 2 feet to ground surface at well.

12. Location of area to be irrigated, or place of use ... as indicated on map enclosed

Township N. or S.	Range E. or W. of Willamette Meridian	Section	Forty-acre Tract	Number Acres To Be Irrigated
34S	6W	34	SE ¼ of SW ¼	3.60 Acres
34S	6W	34	SW ¼ of SW ¼	.40 Acres

(If more space required, attach separate sheet)

Character of soil ... loamy  
Kind of crops raised ... Range grasses for pasturing cattle

MUNICIPAL SUPPLY—

13. To supply the city of .....  
in ..... county, having a present population of .....  
and an estimated population of ..... in 19.....

ANSWER QUESTIONS 14, 15, 16, 17 AND 18 IN ALL CASES

- 14. Estimated cost of proposed works, \$.....1600.....
- 15. Construction work will begin on or before .....May 1968.....
- 16. Construction work will be completed on or before .....July 1968.....
- 17. The water will be completely applied to the proposed use on or before .....Summer 1969.....
- 18. If the ground water supply is supplemental to an existing water supply, identify any application for permit, permit, certificate or adjudicated right to appropriate water, made or held by the applicant. ....none.....

PERMIT

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.05 cubic feet per second measured at the point of diversion from the well or source of appropriation, or its equivalent in case of rotation with other water users, from a well

The use to which this water is to be applied is irrigation

If for irrigation, this appropriation shall be limited to 1/80th of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 2 1/2 acre feet per acre for each acre irrigated during the irrigation season of each year;

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The well shall be cased as necessary in accordance with good practice and if the flow is artesian the works shall include proper capping and control valve to prevent the waste of ground water.

The works constructed shall include an air line and pressure gauge or an access port for measuring line, adequate to determine water level elevation in the well at all times.

The permittee shall install and maintain a weir, meter, or other suitable measuring device, and shall keep a complete record of the amount of ground water withdrawn.

The priority date of this permit is November 27, 1967

Actual construction work shall begin on or before June 7, 1969 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1969

Complete application of the water to the proposed use shall be made on or before October 1, 1970

WITNESS my hand this 7th day of June, 1968
