

APPLICATION FOR A PERMIT

To appropriate the Ground Waters of the State of Oregon

I, Raymond A. Blaine (Name of applicant)

of Route 1, Box 29-B, Rogue River, county of Jackson (Postoffice Address)

state of Oregon, do hereby make application for a permit to appropriate the following described ground waters of the state of Oregon, SUBJECT TO EXISTING RIGHTS:

If the applicant is a corporation, give date and place of incorporation

1. Give name of nearest stream to which the well, tunnel or other source of water development is situated Maple Creek (Name of stream)

tributary of Evans Creek

2. The amount of water which the applicant intends to apply to beneficial use is 2.19 cubic feet per second or gallons per minute.

3. The use to which the water is to be applied is supplemental irrigation

#1

4. The well/other source is located 7.0 ft. N. and 120 ft. S. from the corner of Section 6 being within the SW 1/4 of Section 3, T. 36 S., R. 12 E., S. 1 W.

well is located 300 feet north and 500 feet east from the corner (if preferable, give distance and bearing to section corner)

Section 3, If there is more than one well, each must be described. Use separate sheet if necessary.

being within the SW 1/4 of Sec. 3, Twp. 36 S., R. 12 E., S. 1 W.

W. M. Blaine, county of Jackson

The well is to be 2.19 miles

terminating in the SW 1/4 of Sec. 3, Twp. 36 S., R. 12 E., S. 1 W.

W. M. Blaine proposed location being shown throughout on the accompanying map.

The amount of the well/other works is #1 and 2.19 cfs

DESCRIPTION OF WORKS

If the water to be used is artesian, the means to be used for the control and conservation of the water must be described.

The development will consist of 1 well having a diameter of 4 inches and an estimated depth of 40 feet. It is estimated that

the well will require 2.19 cfs casing. Depth to water table is estimated

at 40 feet below ground surface.

CANAL SYSTEM OR PIPE LINE—

9. (a) Give dimensions at each point of canal where materially changed in size, stating miles from headgate. At headgate: width on top (at water line) _____ feet; width on bottom _____ feet; depth of water _____ feet; grade _____ feet fall per one thousand feet.

(b) At _____ miles from headgate: width on top (at water line) _____ feet; width on bottom _____ feet; depth of water _____ feet; grade _____ feet fall per one thousand feet.

(c) Length of pipe, 900 ft.; size at intake, 3.0 in.; in size at _____ ft. from intake _____ in.; size at place of use 3.0 in.; difference in elevation between intake and place of use, +10 ft. Is grade uniform? Yes. Estimated capacity _____ sec. ft.

10. If pumps are to be used, give size and type 1.5 inch centrifugal pump (approx. 10).
Give horsepower and type of motor or engine to be used 7.5 H.P. gasoline engine.

11. If the location of the well, tunnel, or other development work is less than one-fourth mile from a natural stream or stream channel, give the distance to the nearest point on each of such channels, and the difference in elevation between the stream bed and the ground surface at the source of development. Maple Creek is approximately 500 feet east of both sumps and 12 feet lower in elevation than both sumps.

12. Location of area to be irrigated, or place of use

Township	Range East of Wisconsin Meridian	Section	Forty-acre Tract	Number Acres To Be Irrigated
		3	SW 1/4	15.0 acres
			SE 1/4	1.2 acres
			Total	16.2 acres

If more space required, attach separate sheets.

MUNICIPAL SUPPLY—

13. To supply the city of
in county, having a present population of
and an estimated population of in 19.....

14. Estimated cost of proposed works, \$ 1500.00.....

15. Construction work will begin on or before 1 year from date of issuance of permit.

16. Construction work will be completed on or before October 1, 1958.....

17. The water will be completely applied to the proposed use on or before October 1, 1959.....

18. If the ground water supply is supplemental to an existing water supply, identify any application for permit, permit, certificate or adjudicated right to appropriate water, made or held by the applicant. Permit No. 2350, Application No. 4077, Certificate No. 3107.....
issued in the name of T. K. Bolton.

Raymond A. Blaine
(Signature of applicant)

Remarks:

STATE OF OREGON,)
County of Marion,) ss.

I hereby certify that I have examined the foregoing application, together with the accompanying and data, and return the same for

In order to retain its priority, this application must be returned to the State Engineer, with corrections, on or before 19.....

WITNESS my hand this day of 19.....

STATE ENGINEER

County of Marion.

ss.

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.19 cubic feet per second measured at the point of diversion from the well or source of appropriation, or its equivalent in case of rotation with other water users, from Sumps #1 and #2

The use to which this water is to be applied is supplemental irrigation

If for irrigation, this appropriation shall be limited to 1/80 of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 3 acre feet per acre for each acre irrigated during the irrigation season of each year; provided further that the amount of water allowed herein, together with the amount secured under any other right existing for the same lands shall not exceed the limitation allowed herein,

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The well shall be cased as necessary in accordance with good practice and if the flow is artesian the works shall include proper capping and control valve to prevent the waste of ground water.

The works constructed shall include an air line and pressure gauge or an access port for measuring and adequate to determine water level elevation in the well at all times.

The permittee shall install and maintain a weir, meter, or other suitable measuring device, and shall keep a complete record of the amount of ground water withdrawn.

The term of date of this permit is November 9, 1956

Actual construction work shall begin on or before December 30, 1957 and shall

be prosecuted with reasonable diligence and be completed on or before October 1, 1958

Complete application of the water to the proposed use shall be made on or before October 1, 1958

WITNESS my hand this 11th day of December

Lewis A. Stanley, State Engineer

Application No G-508

Permit No G-462

PERMIT

TO APPROPRIATE THE GROUND WATERS OF THE STATE OF OREGON

This instrument was first received in the office of the State Engineer at Salem, Oregon, on the 22 day of November, 1956, at 4 o'clock P. M.
